

Memories

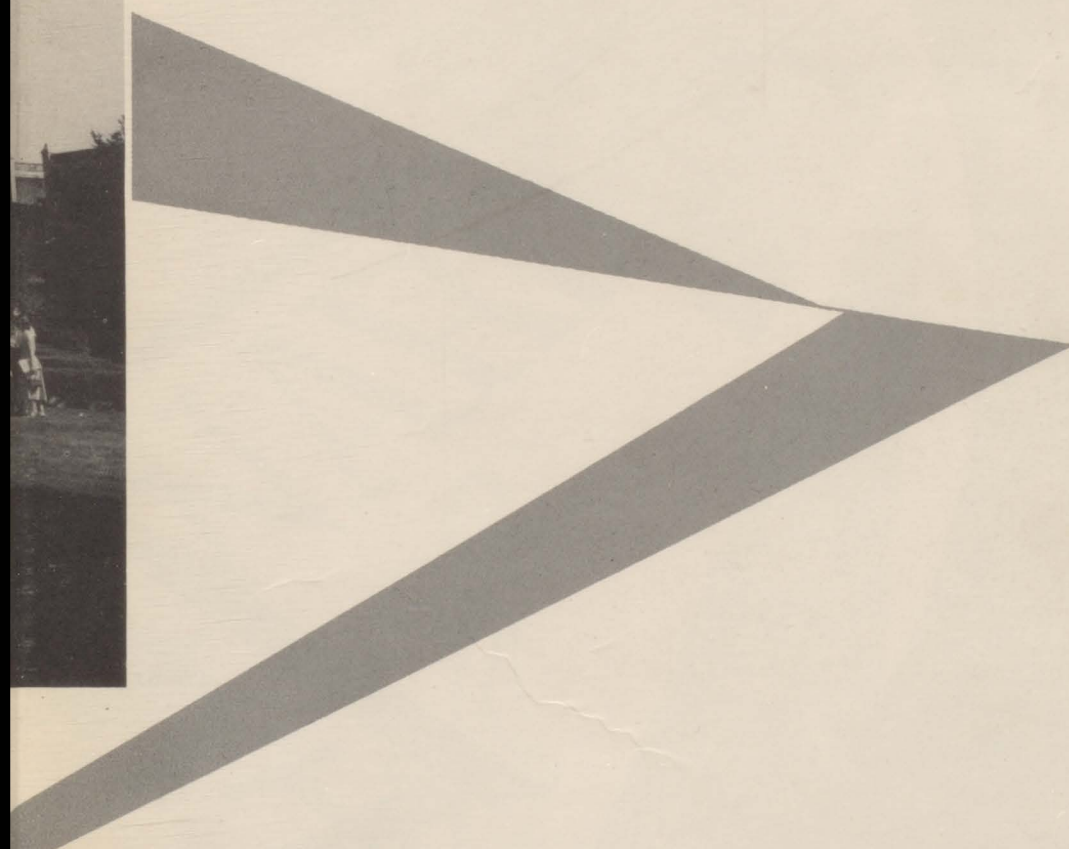

BLOOMFIELD SENIOR HIGH SCHOOL

THE ONE HUNDREDTH
GRADUATING CLASS
JUNE • 1954

MEMORIES

Bloomfield, New Jersey

We, the hundredth graduating class, possess the knowledge, character and ambition needed to pursue American ideals. We, the marchers, proudly journey down life's highway holding the eye of every spectator. We pass the viewers who inspired us to seek the better things that economic and cultural progress offer. For the past years we have been applying the knowledge gained in creating the essence of our thinking for the future. "The direction in which education starts a man will determine his future life." (Plato) Confidently we, the hundredth graduating class, march into the future with firm determination to fulfill responsibilities and bring honor to B.H.S.

EDITORS

STANDING: Left to Right—K. Cone, C. Breck, P. Latterman, *Literary Editors*; D. Otto, *Art Editor*; R. Speckmann, *Photography Editor*; W. O'Keefe, *Editor-in-Chief*; M. Seugling, *Typing Editor*.

MEMORIES STAFFS

With the number 100, *MEMORIES* '54 started to turn the wheels of work. The Editorial Board, consisting of the seven editors, assembled each school day to supervise the organization of abstract ideas on reams of written pages and in cluttered minds. After formulating a basis for beginning, the Literary Staff undertook the project of writing the senior write-ups. These were then put into the typewriters of the

ADVISERS

AUXILIARY STAFF

MEMORIES '54

Typing Staff. The Auxiliary Staff filed, sorted, and did the many essential odd jobs. Each page provided the Art Staff with a chance to use their talents. The Photography Staff was responsible for the flashes and clicking in B.H.S. halls. Unity among all the staffs was necessary in order to produce a successful yearbook.

There will be many memories from working on our class' annual. The three figures in "100" never represented so countless an array of ideas and shapes as when our staffs

dealt with them. Down in the annual office from September to June eighth periods flew with "101" things to do. What a feat there was in cutting the seniors' written sketches down to a mere forty words! But this was a minor task compared with the steps of proof reading, re-writing, and re-reading time after time. Although this was a time consuming task of every school day, it was a lot of fun, too.

Working right along with all the staffs were the faculty advisers: Miss Brummerstedt, Miss Fischer, and Mr. Willever. Their helpful advice and suggestions were a major factor in producing *MEMORIES '54*. All students participating in this activity award sincere thanks to them for the time and effort they spent to make our book a real memory.

ART STAFF

LEFT TO RIGHT—D. Otto, Editor; Miss Fischer, Adviser; A. Pastena; C. Hager; L. Pierson; E. Glowczynski; P. Mack.

As we pass in review before our teachers,
we see them glow with pride. Their
reward is richness and success; rich-
ness because they have found real
joy in their service and work;
success because they have
helped others. Proud and
confident they can be of
our carrying on, for
they have taught
us to live.

NOT PRESENT—Robert England.

MISS ELSA SCHUBERT

Miss Schubert, well known as a geometry teacher in B.H.S., was also a specialist in the language field. During her teaching career she taught English, German, French, Latin, and algebra. Before coming to Bloomfield she taught in Somerville and Flemington, N. J., the latter being the same high school she herself attended as a student. She received her A.B. degree from Barnard College, her A.M. from Columbia University, and her German teacher certification from Teachers College, N. Y. Miss Schubert enjoys recalling "the good old days of teaching" which included Mike Frate's mock wedding with Mr. Kunkle as the bride, Mr. Foley as minister, Mrs. Doyle as ring bearer, and herself with a trash basket full of paper as flower girl. Her hobbies are traveling, travel movies, handicrafts, and baking. After retirement she plans to visit Hawaii, California, Mexico, Brazil, and India. When her globe trotting days are over, she hopes to settle in Florida. Miss Schubert looks upon Bloomfield High School as "one grand school." Her most enjoyable moments at B.H.S. were those spent with her students and fellow faculty members. She says she will miss us students and the faculty and her parting advice to us is to carry on the grand work. We hope her future days will be filled with bright happiness, and we wish her successful traveling.

RETIRING TEACHERS

MISS ELMA M. HOUSEMAN

Elma M. Houseman, who began her teaching career in a one room schoolhouse in the mountains of Pennsylvania, will long be remembered as one of our outstanding French teachers. She still recalls the three mile hike to and from the little red schoolhouse, where she gained experience as a janitress as well as a teacher. During this training period, Miss Houseman was a student at the University of Pennsylvania, working on her A.M. degree in French. Prior to this she received her A.B. at Dickinson College. Her studies also carried her to Mexico, France, and Laval University in Canada. While attending college, she was accepted as a member of Phi Beta Kappa. Before coming to Bloomfield to teach, Miss Houseman taught in the Girls' High School in Reading, Pennsylvania and at the Haddonfield High School in New Jersey. While at B.H.S. she was class adviser to the Student Council for seven years and has enjoyed extra-curricular activities with her French Club. Her hobbies include hiking, reading, and attending meetings of the Alliance Francaise in New York. We salute Miss Houseman, and wish her success with her future plans for continuing her life's work, teaching.

NOT PRESENT—I. F. Doyle, W. Mason, E. Schubert.

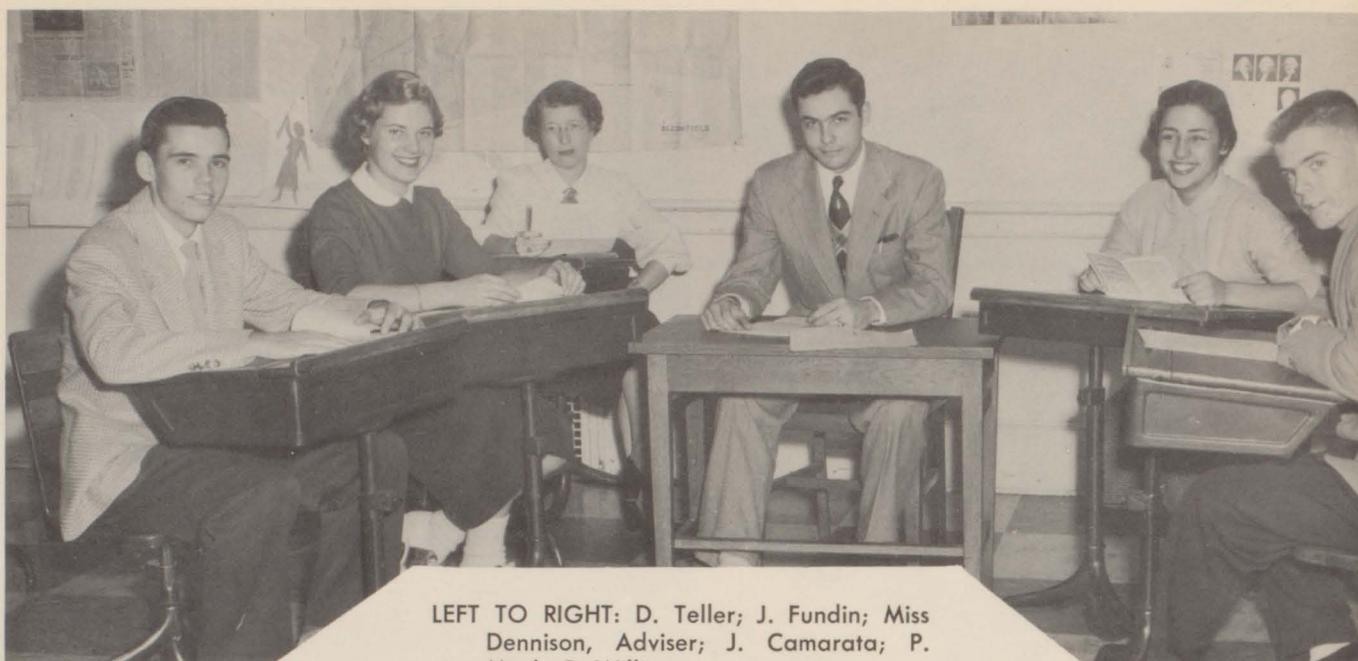

Our activities express the personal initiative and conscious effort of each one of us. Each day through guidance our imaginations have been awakened to the utility and beauty of our surroundings. We have begun to think, to theorize, to explore. Together we have created. Every float has paved the pathway to future roads down which we are marching, better prepared to meet the more complex experiences of life.

FLOATS

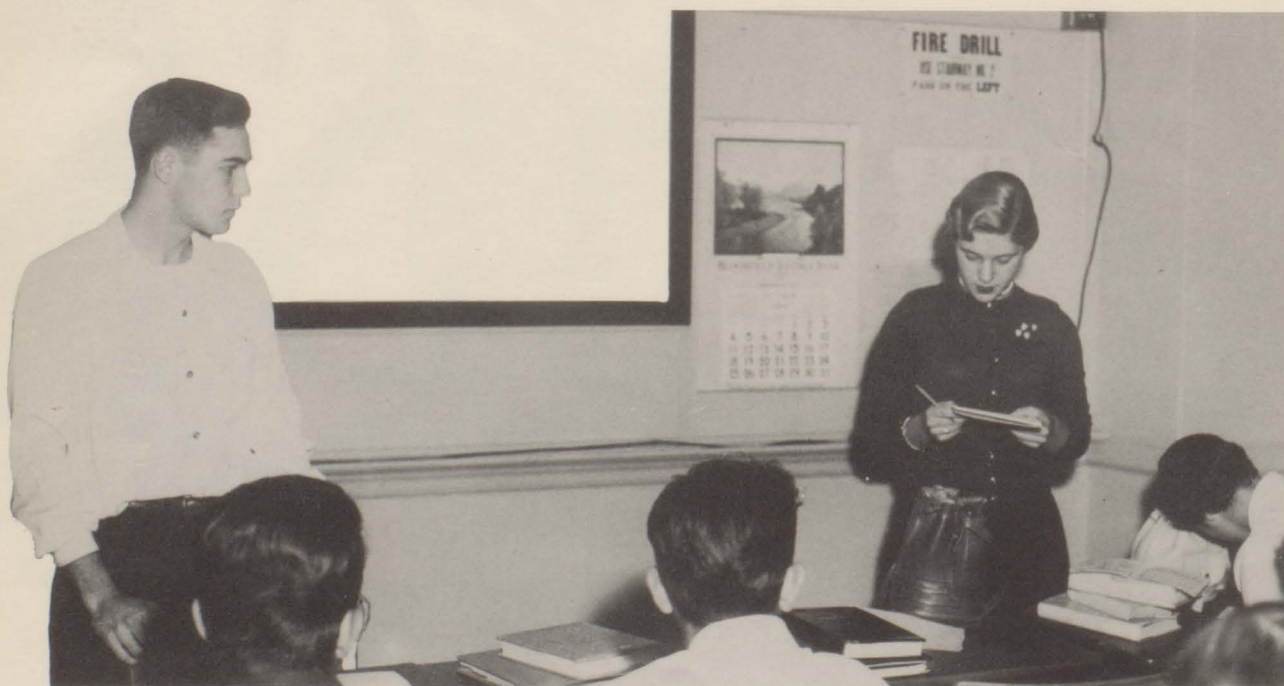

LEFT TO RIGHT: D. Teller; J. Fundin; Miss
Dennison, Adviser; J. Camarata; P.
Mack; P. Williams.

STUDENT COUNCIL

Do you like the assemblies and the rallies? Thank the Student Council. The council raises funds by holding dances. One of the main events of this school year was the Football Queen Dance last fall. Last Spring, the council sponsored a variety show. The one-hundred members meet twice a month to plan these events and to discuss and to settle any complaints that come up.

The officers plus a few privileged members made a trip to Rutgers to attend a meeting of the New Jersey Association High School Councils. By attending various conferences, they pick up ideas for improving our council and school. Under the direction of Miss K. Dennison, the council's adviser, they hope to put some of these plans to work for the future student councils.

President, J. Camarata; Vice-President, P. Williams; Recording Secretary, J. Fundin; Corresponding Secretary, P. Mack; Treasurer, D. Teller.

"We will now have the minutes of the last meeting."

THE FOOTBALL QUEEN DANCE

The climax of the football season was celebrated in the colorful and successful Football Queen Dance on November 21, 1953. Our queen, Patty Diess, was chosen by the student body from six candidates. Her court included Barbara Skeen, Louise Jorda, Diane Siccardi, Ginny Melito, and Isabel Smith.

LEFT TO RIGHT: B. Skeen; L. Jorda;
I. Smith; P. Diess; V. Melito;

Diess; B. Coffey.

"Are there any additions or corrections?"

EDITORS

LEFT TO RIGHT: Standing—I. DeRyder; T. Ruvo; B. Schoeler; C. Hughes. Sitting—E. Ham; Miss L. Leek, Adviser; G. Fiore; R. Hansen.

STUDENT PRINTS

Do you want to know what's going on in B.H.S.? Just pick up the *STUDENT PRINTS* and you'll find the answer. The staff and Miss Loren E. Leek are constantly trying to find ways in which to improve the issues by comparing it with other school papers in the area. Representatives of the paper attended the Columbia Scholastic Press Association meeting in the spring, the Scholastic Press Association of New Jersey meeting at Upsala, and the Fairleigh Dickinson Conference. The one hundred staff members are led by G. Fiore, Editor-in-chief; C. Hughes, Associate Editor; F. Chichester, Feature Editor; R. Bongo and M. Braker, Co-Sports Editors; E. Ham, Photography Editor; R. Hansen, Copy Editor; E. Glowczynski, Art Editor.

ART STAFF

ADVERTISING STAFF

LEFT TO RIGHT: C. Warke; V. Paes; N. Robinson; Miss Drake, Adviser.

CLASSICA SODALITAS

If someone were lugging a toga down the hall, he was probably a member of the Latin Club. This organization has the distinction of being the oldest club of its kind in the United States. The outstanding activity was the address of Professor Gilbert of Columbia University at an open meeting. To maintain a lively interest in the classics is the aim of the Latin Club.

Consuls, N. Basser, D. Marcotte; Censor, N. Hyde; Quaestor, A. Pirrello; Adviser, Miss C. E. Donoghue.

DEUTSCHER KREIS

"Guten Tag." You might hear a member of the German Club say this as a greeting. Discussions of the culture and the interesting places in the land of the Rhine formed the program for two special club meetings this year. On the lighter side were a Christmas party and an old fashioned "doggie roast." Every school project and worthy cause can be sure of German Club support.

President, J. Graham; Vice-President, H. Hoenck; Secretary, P. McAdam; Treasurer, R. Gottheiner; Adviser, Miss M. Zinn.

EL CLUB ESPANOL

All the members will remember the Christmas Fiesta and the field trip to New York, two activities of this club. The main purpose of EL CLUB ESPANOL was to increase the ability of the members to speak Spanish. By learning Spanish songs, listening to speakers and seeing films, its members gained an appreciation of the customs of Spanish speaking countries.

President, S. Hartke; Vice-President, J. Indahl; Secretary, G. Wiley; Treasurer, D. Barlow; Adviser, Mr. R. A. Rockweiler.

LE CERLE FRANCAIS

"C'est si bon" describes this peppy club. Through Le Cerle Français, its members have increased their interest and knowledge of their French neighbors. At Thanksgiving and Christmas, the club concentrated their efforts in collecting food, clothing, and toys for a needy family. Parties to celebrate such holidays as Christmas and the Mardi Gras added to the year's full program.

President, J. Heyman; Vice-President, N. DuBois; Secretary, J. Fundin; Treasurer, J. Braun; Adviser, Mrs. A. Y. Johnson.

ITALIAN CLUB

If someone were singing "Eh Cum-pari" and understanding the words, he was probably a member of the Italian Club. A trip to see an Italian movie in New York provided entertainment and helped the members obtain a better understanding of Italian culture. Many of the Italian poor are grateful for the generosity of our B.H.S. Italian Club.

President, G. Fiore; Vice-President, F. Mercuri; Secretary, M. Catenacci; Treasurer, M. Tronio; Adviser, Mr. J. Mangelli.

HI-Y

The purpose of this boys' club is to create, maintain, and extend high standards of character throughout the school and community. Although the purpose of the club is a serious one, everyone will long remember the fun at the Hi-Y splash parties. One of the most important of the club's activities has been raising money for the World Service Fund.

President, G. Pawlikowski; Vice-President, Roger Tate; Secretary, Robert Eaglesham; Treasurer, Anthony Belotta; Chaplain, Richard Elston; Adviser, Mr. C. D. Kendall.

LEFT TO RIGHT: R. Elston; R. Eaglesham; G. Pawlikowski; Mr. C. Kendall, Adviser; R. Tate.

SENIOR GIRL RESERVES

This large group of sixty-five is active in sponsoring money-raising activities to furnish clothing for children of a needy family and provide for them in other ways. Members are also called upon to serve for various organizations. Included among the social activities of the club are an initiation dinner in October, when new members are welcomed, and a mother-daughter banquet in May.

Adviser, Miss M. V. Jenkins; President, P. Ohman; Vice-President, C. Graf; Corresponding Secretary, P. Latterman; Recording Secretary, J. Weber; Treasurer, E. Skeen.

LEFT TO RIGHT: B. Skeen; P. Latterman; Miss M. Jenkins, Adviser; P. Ohman; C. Graf; J. Weber.

LEFT TO RIGHT: A. Smith; M. Thompson; C. Harmon; D. Hokanson; Mrs. R. Remeika, Adviser.

NURSE

JUNIOR RED CROSS COUNCIL

Always ready with a helping hand, the Junior Red Cross Council believes in aiding the less fortunate children of Bloomfield. Cookies were made for the Camp Kilmer soldiers at Christmas time. During the year, the girls helped sponsor the demonstration blood bank for the seniors, and collected funds during the annual drives for charitable organizations.

President, V. Paes; Secretary-Treasurer, M. DeFilippo; Adviser, Mrs. E. Murchie.

KEY CLUB

"Service" is the key word of the Key Club. The members served as office messengers, raised the flag every morning, and performed many other indispensable services. The special projects this year were a canned food drive at Thanksgiving and a toy drive at Christmas time. A successful dinner dance showed these hard working boys could enjoy themselves as well.

President, T. Bullock; Vice-President, C. Moskov; Treasurer, E. Seegers; Adviser, Mr. O. Engler.

LEFT TO RIGHT: C. Moskov; M. Mansky; T. Bullock; E. Seegers; Mr. O. Engler, Adviser.

JUNIOR GIRL RESERVES

The younger organization of Girl Reserves, this club takes part in the same type of service work as the seniors. They have cake sales and use the profits to buy clothes at Christmas and Easter for the children of a family which they sponsor. Induction of new members is made during a candlelight ceremony at the initiation dinner in October.

President, D. Hokanson; Vice-President, C. Harmon; Recording Secretary, M. Thompson; Corresponding Secretary, J. Mazzella; Treasurer, A. Smith; Adviser, Mrs. R. N. Remeika.

All twenty-two members, without a doubt, are sure to become efficient future secretaries. This club brings girls together who are interested in the same occupation. Special speakers have appeared before the group and provided interesting talks about secretarial work and business. A long-remembered event is the trip to New York City.

President, C. Warke; Vice-President, E. Ganser; Secretary, L. Neubauer; Treasurer, M. Golembeski; Adviser, Mrs. M. Murphy.

LEFT TO RIGHT: C. Warke; E. Ganser; M. Golembeski; Mrs. M. Murphy, Adviser; L. Neubauer.

CAREERS FOR SECRETARIES

The maintenance of the library is the most important service offered by this club. Members spend several hours each week working at the desk and among the shelves of books and magazines. Highlights of the year included initiation of new members, trips to New York and New Jersey School Library Council Association meetings, and a senior breakfast.

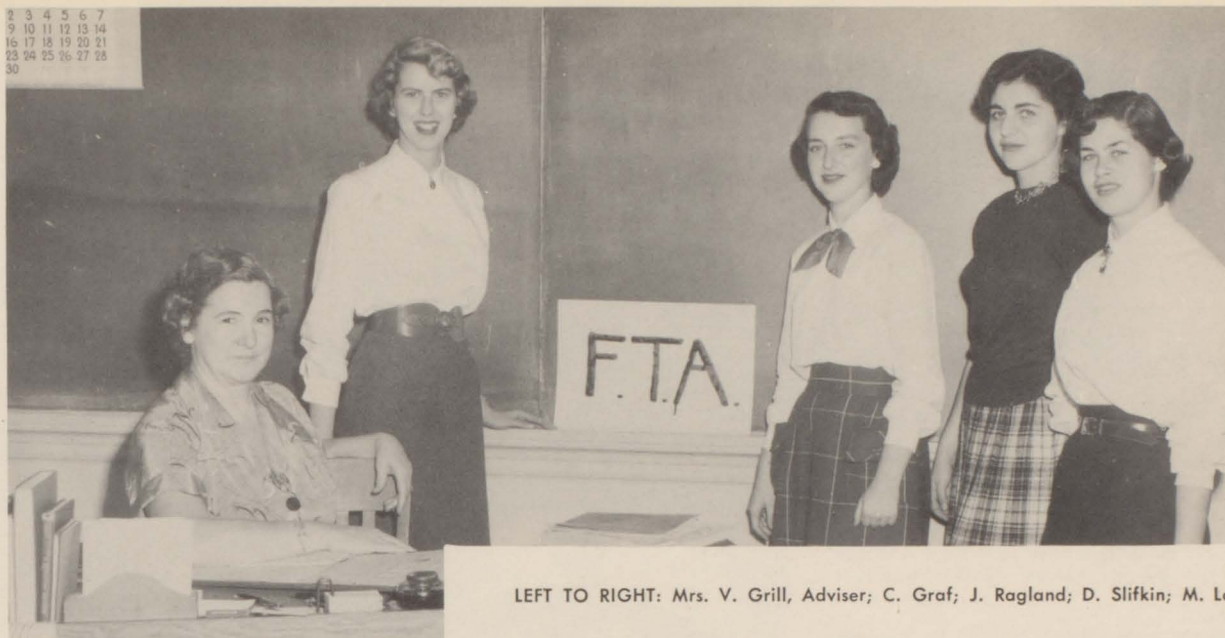

President, J. Hallgarth; Vice-President, G. Schmidt; Recording Secretary, B. Person; Corresponding Secretary, S. Brown; Treasurer, W. Coon; Advisers, Miss M. H. Taylor, Miss H. B. Burke.

LIBRARY CLUB

FUTURE TEACHERS OF AMERICA

To acquaint those students interested in teaching with the qualifications and opportunities of that field is the main purpose of the F.T.A. At their monthly home meeting, members discuss their numerous experiences obtained while substituting in the Bloomfield grade schools. The club also visited Paterson State Teachers College. Mrs. V. Grill is club adviser.

President, J. Ragland; Vice-President, D. Slifkin; Secretary, C. Graf; Treasurer, M. Loesch; Historian, S. Hodgson.

The ladies in white of the future meet once a month to hear guest speakers and reports which are designed to promote an interest in nursing. The organization participated in the nurses aid project at Mountainside Hospital in which many of the girls donated several hours a week in assisting the nurses at the hospital.

President, S. Stirrat; Vice-President, M. Monath; Secretary, P. Gloeckner; Adviser, Miss H. Flannery.

LEFT TO RIGHT: S. Stirrat; M. Monath; Miss H. Flannery, Adviser.

FUTURE NURSES OF AMERICA

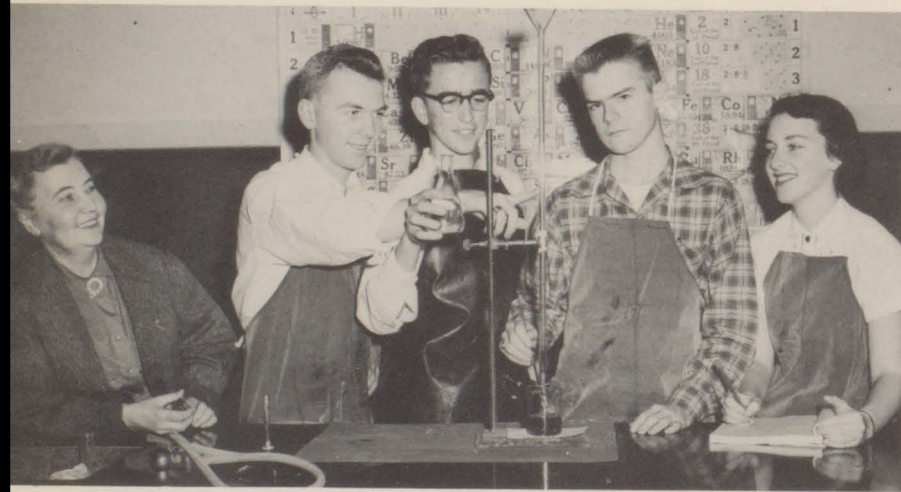

MATHEMATICS CLUB

What would we do without the Mathematics Club at the yule season to make decorations for our school Christmas tree? Their other activities, making a scrap book comprised of articles and puzzles, and contributing to the *STUDENT PRINTS* article "Did you Know?" also keeps Miss Hunte's master minds busy.

President, F. Chichester; Vice-President, D. Moore; Secretary, G. Moore; Treasurer, D. Luke.

LEFT TO RIGHT: Standing—D. Moore; F. Chichester. Seated—Miss B. Hunte, Adviser; D. Luke; G. Morgan.

CLUBS

CHEMISTRY CLUB

" H_2S =Rotten Eggs" says one Chemistry Club member to another. With its ultimate purpose to stimulate interest in chemistry, the club, at its monthly meeting, has outside speakers. Mrs. F. Becker, club adviser, or members of the club explain how chemistry is applied to industrial processes and daily life. Other activities for this senior club include trips to industrial plants and parties.

President, P. Williams; Vice-President, P. Sacks; Secretary, J. Ragland; Treasurer, W. Dafter.

LEFT TO RIGHT: Mrs. F. Becker, Adviser; W. Dafter; P. Sacks; P. Williams; J. Ragland.

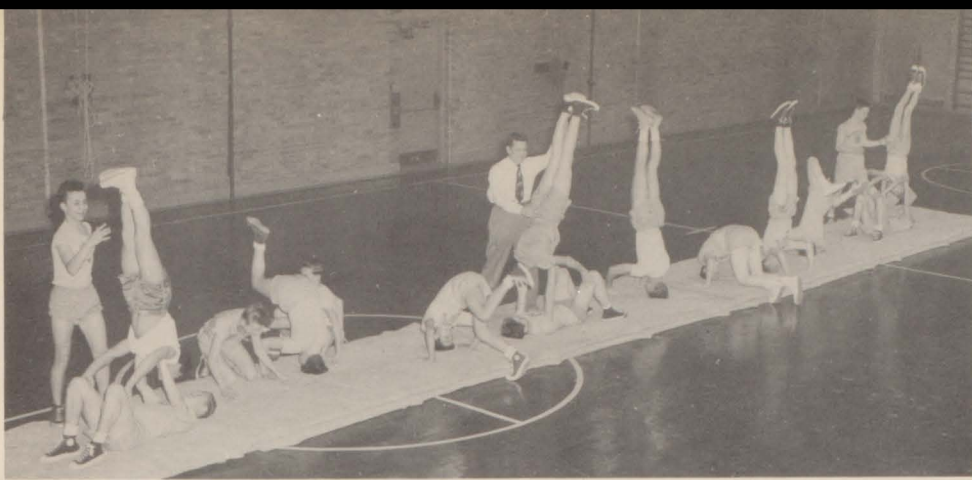

With a variety of activities as blood typing, microscopic work, and dissection, the members of the Biology Club keep quite busy. Keeping in mind their purpose of understanding the importance of science in our lives, some members prepared projects to be entered in a Newark Science Fair. Under the advisership of Mrs. H. Grabo, field trips were especially numerous.

President, R. Speckmann; Vice-President, G. Cooper; Secretary, L. Hansen; Treasurer, G. Maat.

LEFT TO RIGHT: L. Hansen; R. Speckmann; Mrs. H. Grabo, Adviser; G. Cooper; R. Quodomine; G. Maat.

BIOLOGY CLUB

TUMBLING CLUB

A quick mind working with a quick body is what the Tumbling Club wishes to develop in its members. Twenty-eight boys meet three times a month in the gym under the direction of Mr. N. Claxton. They work out on the trampolane, the spring board, and all the other more advanced apparatus.

*Captain, R. Campbell.
Members and Adviser, Mr. N. Claxton.*

TRACK CLUB

Thirty students met each first and third Thursday in room 310A during this school year. Speakers, films, and an assembly program were included in their activity program. These undertakings were designed to carry out the club's purpose of stimulating interest in track and field athletics. Their special project was the awarding of a trophy to the most valuable member of the high school track team.

President, L. Dramis; Vice-President, B. Wardrop; Secretary-Treasurer, R. Saunders; Adviser; Mr. P. Wilson.

LEFT TO RIGHT: L. Dramis; Mr. P. Wilson, Adviser; R. Saunders; R. Wardrop.

INTERNATIONAL RELATIONS

One of the more serious clubs in B.H.S., the purpose of the International Relations is to alert its members to domestic and world problems. The members meet twice a month, holding one business meeting and one cultural or educational meeting. Its activities for the year included a field trip and a contribution to a world charity. The club has also made use of recordings and film strips in its cultural meetings.

President, G. Schmidt; Recording Secretary, N. Williams; Corresponding Secretary, A. Hansen; Treasurer, M. Green; Adviser, Miss A. J. Miller.

LEFT TO RIGHT: Miss A. Miller, Adviser; M. Green; A. Hansen; G. Schmidt; N. Williams; C. Hughes.

HOME ECONOMICS CLUB

The big event of the year for the Home Economics Club was a mother and daughter dinner. The forty girls in the organization put together a Thanksgiving basket as a project. An initiation meeting, a trip to New York, and a Christmas party provided the girls with an opportunity to socialize. Under the direction of Mrs. Louise C. Montgomery, the members learn how to serve others.

President, P. Lytle; Vice-President, F. Leo; Secretary, J. Pastena; Treasurer, L. Bell; Mrs. Montgomery, Adviser.

LEFT TO RIGHT: F. Leo; P. Lytle; Mrs. L. Montgomery, Adviser; J. Pastena; L. Bell.

LEFT TO RIGHT: Mr. Douksza, Adviser; L. Cicero; J. Collins; P. Mascera; P. Volens; P. Gorman; C. Culveyhouse; A. Savino.

DISPLAY COMMITTEE

Have you ever wondered who was responsible for the always attractive display cabinets and bulletin boards in the main corridor? These are done through the efforts of the Display Committee. The twenty-eight members are constantly at work on some new eye catching manner of presenting material. Their big event planned for this year was a trip to New York to visit commercial display houses.

Chairman, J. Gonnella; Secretary, P. Volens; Treasurer, B. Pennella; Adviser, Mr. J. Douksza.

LEFT TO RIGHT: R. Skorupski; K. Rauh; B. Paxton; T. Aimone; Adviser, Miss E. DeMeo.

CHEFS' CLUB

"Soup's on!" is the cry of the twenty-one senior boys who meet twice a month in the foods laboratory to demonstrate their ability in the culinary arts. After planning dishes or foods that boys would like, taking into consideration the time and cost, they prepare the dishes and eat them. One of the outstanding meetings of the year was a food demonstration.

President, T. Aimone; Vice-President, K. Rauh; Secretary, E. Ham; Treasurer, R. Skorupski; Adviser, Miss E. DeMeo.

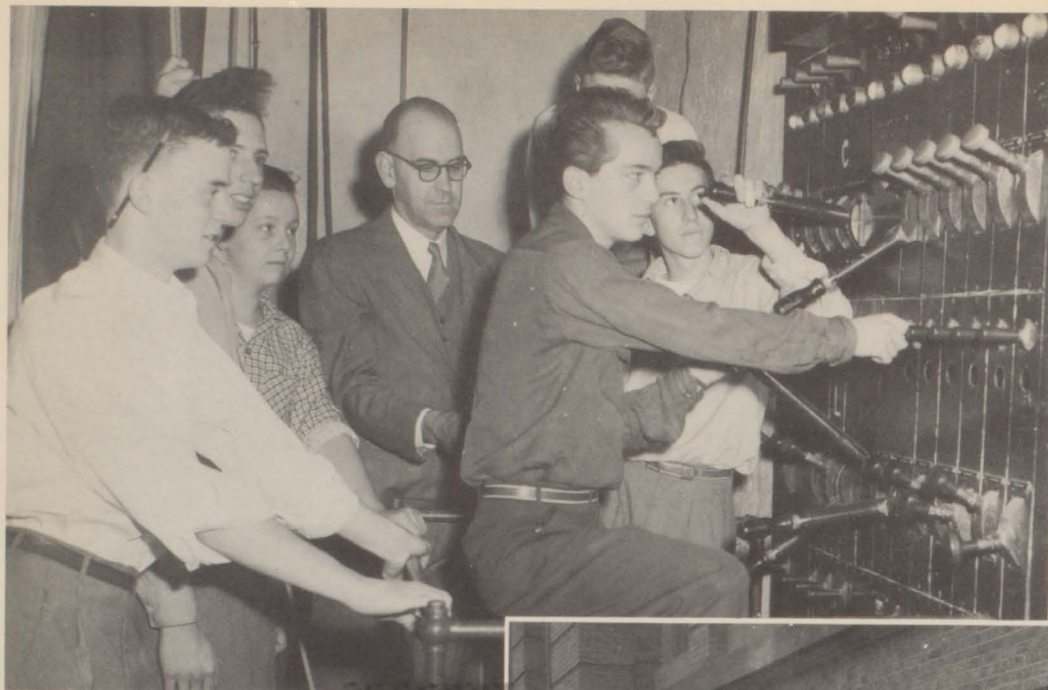

DISTRIBUTIVE EDUCATION CLUB

Practical experience is the theme of the Distributive Education Club. The sixteen busy members have the privilege of working in stores and going to school at the same time. They put into practice what they have learned about merchandising and retail stores. Mrs. Sutton has planned a field trip "behind-the-scenes" to both Bamberger's and Lord and Taylor's.

President, M. Hammill; Vice-President, L. Gavin; Secretary, M. Stromfeld; Treasurer, A. Skorupski.

LEFT TO RIGHT: Mrs. P. Sutton, Adviser; L. Gavin; M. Stromfeld; A. Skorupski.

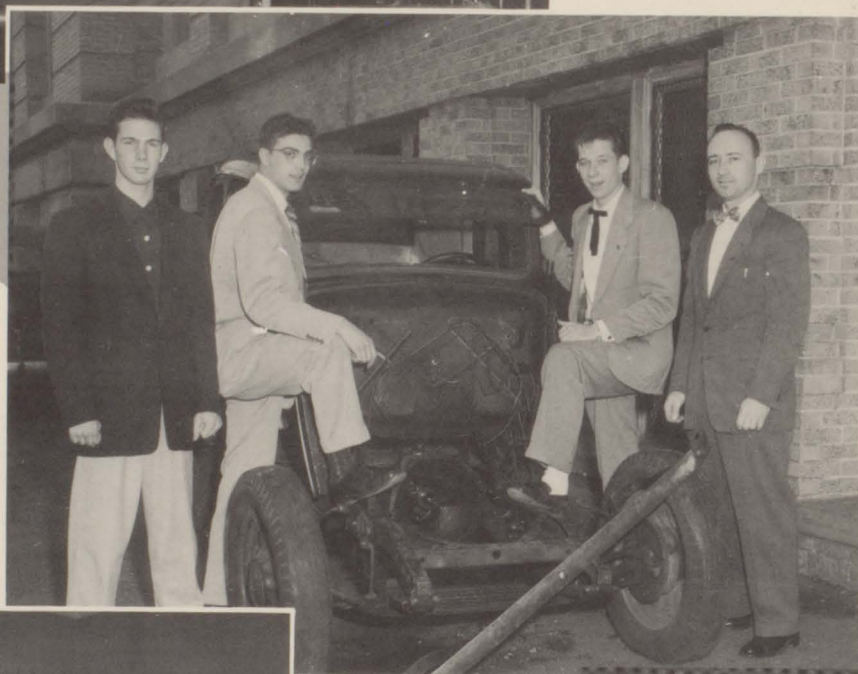

STAGE CREW

MECHANICS OF TRANSPORTATION CLUB

LEFT TO RIGHT: A. Irwin; J. Jones; K. Kesling;
Mr. A. Benson, Adviser.

MAKE-UP COMMITTEE

LEFT TO RIGHT: Miss C. Rous, Adviser; J. Martin; R. Stanislawczyk. Seated: E. Baughan.

The least seen group, but certainly one of the most important in B.H.S., is the ever efficient stage crew. Mr. Minchin with his crew of sixteen are on the job during every assembly program. Their chores include building the scenery, operating the lights, and generally caring for and maintaining the stage.

Stage Manager, L. Strang.

Every week twenty-four members of this club meet in the Mechanics of Transportation shop to increase their knowledge of various methods of transportation. This organization acted as a second year class for Mechanics of Transportation. One of its activities was to rebuild completely an automobile which was purchased this year.

President, K. Kesling; Secretary, J. Jones; Treasurer, A. Irwin; Adviser, Mr. E. Benson.

The twenty-five ambitious members of this committee meet whenever necessary to practice make-up techniques for performances such as the senior play, the operetta, and the variety show. The cast and crew both were well made up on the second night of the senior play this year, for the cast decided to turn the tables on the crew and make them up! The uproar lasted, however, for only about two minutes.

Chairman, R. Stanislawczyk; Co-Chairman, J. Martin; Secretary, E. Baughan; Adviser, Miss C. Rous.

"If it can be printed, we can do it" should be the motto of the nine hardworking boys of the Print Squad. The squad's projects this year included those terrific senior class posters. With squad adviser, Mr. Engler, the group observed the printing of the *New York Times* and got expert advice for future use.

President, J. Lindgren; Secretary, R. Skorupski; Treasurer, W. Murphy; Adviser, Mr. Owen Engler.

PRINT SQUAD

LEFT TO RIGHT: J. Lindgren; W. Murphy; R. Skorupski; Adviser, Mr. O. Engler.

"Smile at the birdie" instructs an enthusiastic Camera Club member to one of his subjects. This club tries to develop a good school photographer to assist with the annual. With their adviser, Mr. E. Urband, the club planned outdoor trips at holidays as Christmas and during spring time to learn the technique of taking good photographs.

President R. Hummel; Vice-President, H. Cox; Treasurer, T. Moritz; Secretary, G. Cooper.

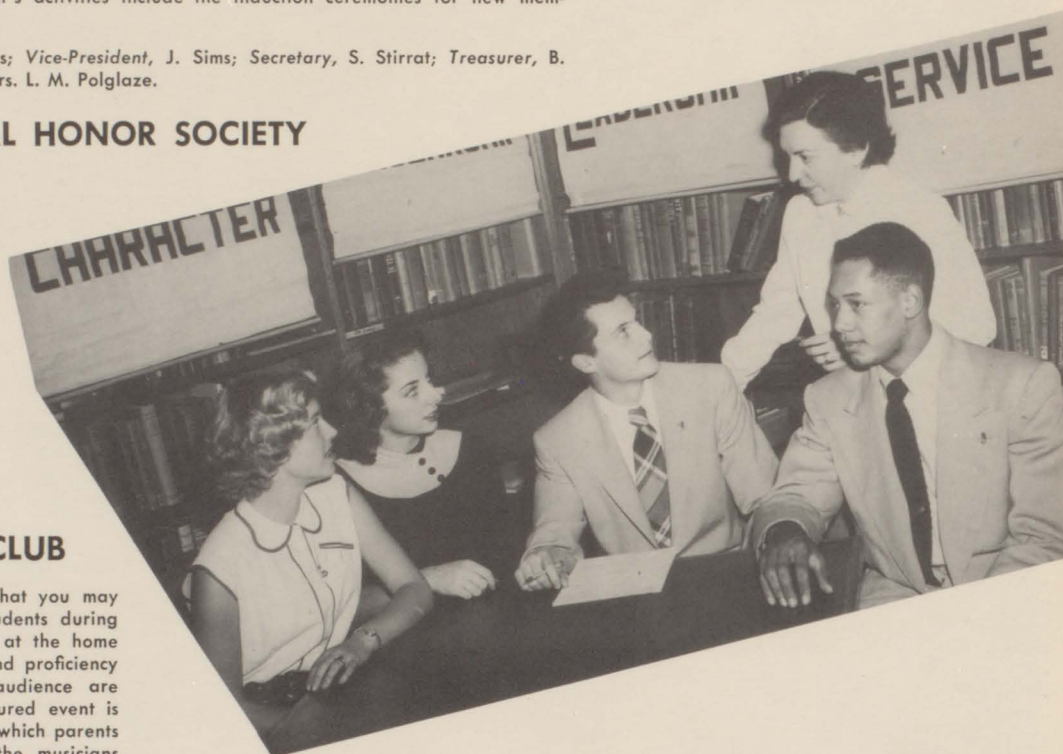

CAMERA CLUB

LEFT TO RIGHT: Adviser, Mr. E. Urband; R. Hummel; H. Cox; T. Moritz; G. Cooper.

To create an enthusiasm for scholarship, to stimulate a desire to render service, to promote leadership, and to develop character are the aims of the National Honor Society. The forty-eight members were selected by a faculty committee on the basis of their applications and of their scholastic record. Highlights of the year's activities include the induction ceremonies for new members.

President, H. Bliss; Vice-President, J. Sims; Secretary, S. Stirrat; Treasurer, B. Kerke; Adviser, Mrs. L. M. Polglaze.

NATIONAL HONOR SOCIETY

LEFT TO RIGHT: B. Kerke; S. Stirrat; H. Bliss; Mrs. L. Polglaze, Adviser; J. Sims.

MUSICAL MONDAY CLUB

Vocal or instrumental solos are what you may hear from any of these talented students during their monthly evening meetings held at the home of members. Appreciation of music and proficiency in performing before a friendly audience are the purposes of the club. Their featured event is the annual open meeting in May to which parents and teachers are invited to hear the musicians perform.

President, M. Fleming; Vice-President, P. Ohman, Secretary, B. Kerke; Treasurer, R. Frank; Program Chairman, M. Gilbert; Advisers, Miss K. Williams, Miss M. Albinson.

Joan Siniscal

Roy Henderson

OPERETTA

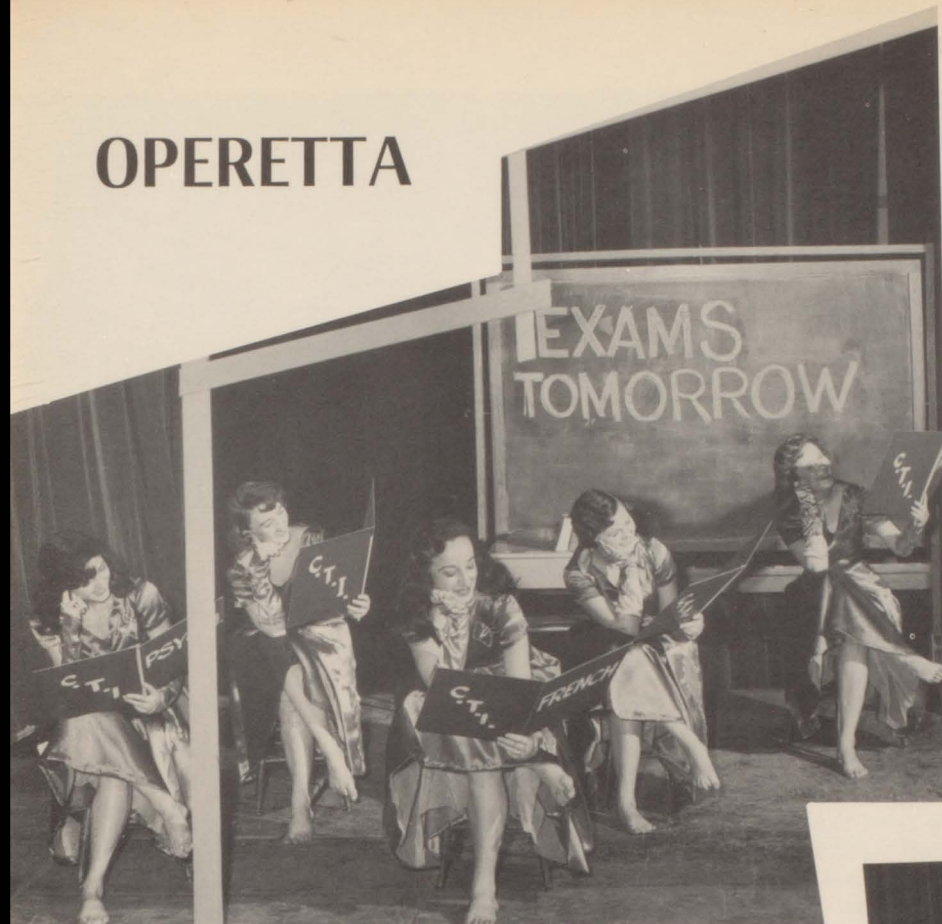

"PLAY THE GAME"

The operetta "Play the Game" was presented in April of 1953. It was produced by the Related Arts Department (which includes Music, Fine Arts, Industrial Arts, Dramatic Arts, and Home Economics). Each phase of the production was carefully worked out by the members of these departments.

Cast selections were from the vocal music department with the exception of the dancers. The chorus and solos were accompanied by the orchestra. Solo parts were chosen from the choir.

The plot was simple and straightforward with a setting of a college campus. The student body faces a crisis. Their star football player Bill (Vincent Delli-Santi) was accused of using a pony on an exam. Harry, (Thomas Ward) Bill's best friend, is the student body president and believes that Bill is telling the truth when he denies the whole thing. Because the team without Bill would surely lose the coming game, Harry says he is to blame. In reality it is Minerva (Joan Siniscal) who is the culprit. She is jealous of Betty (Carol Lewit) who is the third point in the eternal triangle with Harry and Bill. The play ends happily when Minerva finds her man in the Professor (Roy Henderson). Bill is the hero of the day, and Harry and Betty a happy college couple.

Highlights of the operetta came in the evening sing and the rally scenes. The boys' quartet and the girls' trio contributed several numbers while the dancers gave a flash of color throughout the whole evening. The operetta gave enjoyment both to those who saw it and those who made it possible.

Fight! Team Fight!

A'CAPPELLA CHOIR

VOCAL MUSIC

The vocal music department consists of the A'Capella Choir, Boys' and Girls' Glee Clubs, and the Mixed Glee Club. The glee clubs are open to everyone who enjoys singing, while the choir is a selected group. These groups meet during school time.

The A'Capella Choir performs for assemblies and for outside organizations, such as P.T.A.'s and service clubs. Included in its repertoire are both sacred and secular numbers. The goal of this organization is to perform worthwhile music.

Miss Edith Albinson is director.

GIRLS' GLEE CLUB

CONCERT BAND

Whether it is a lively march, concert-style, or a blast of school spirit at a rally, our B.H.S. band is right on the beat with plenty of pep and talent. Conducted by Mr. Hartman, the band is adept at playing a mixture of serious and popular music. We will have many fond memories of the band long after the last note of "Pomp and Circumstance" has died away at commencement.

SENIORS IN THE BAND

ORCHESTRA AND STRING GROUP

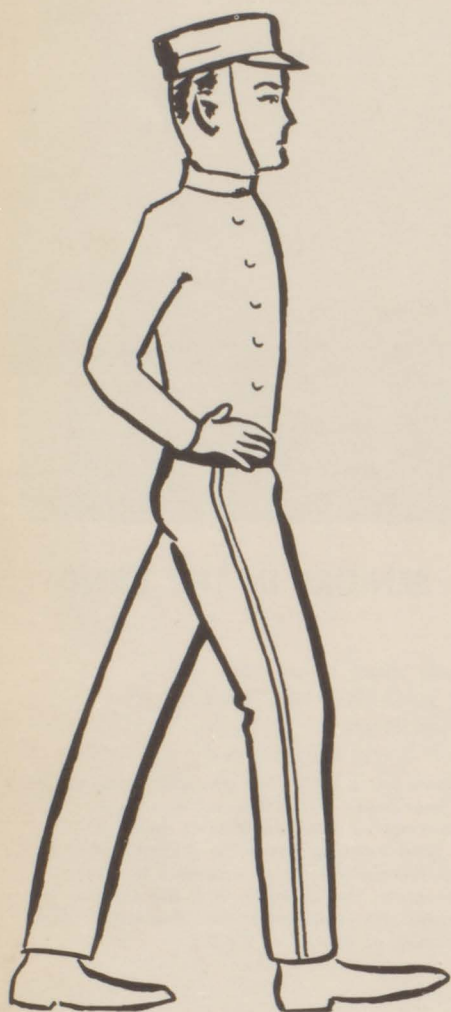

A well-known fact is that talent plus enthusiasm makes for fine music. Our B.H.S. orchestra and string group combine both qualities to make a product for good listening. Under the direction of Mr. Hartman, this group lends its assistance to the Christmas program, the operetta, and the band concert. We will always remember their fine music and performances as a part of B.H.S.

SWING SERENADERS

A-one! A-two!—Algebra? No, that's the Swing Serenaders getting ready to play some cool music! The Serenaders are an essential part of any music in B.H.S. and anything these rhythm men beat out is tops. We've danced the "Bunny-hop" and tapped our feet at the band concert when they played such Glenn Miller favorites as "In the Mood," "String of Pearls," and "Little Brown Jug." The adviser to the dance band is Mr. Hartman and this year's student leader was Jerry Grasso.

INSTRUMENTAL MUSIC

Band Playing Our National Anthem

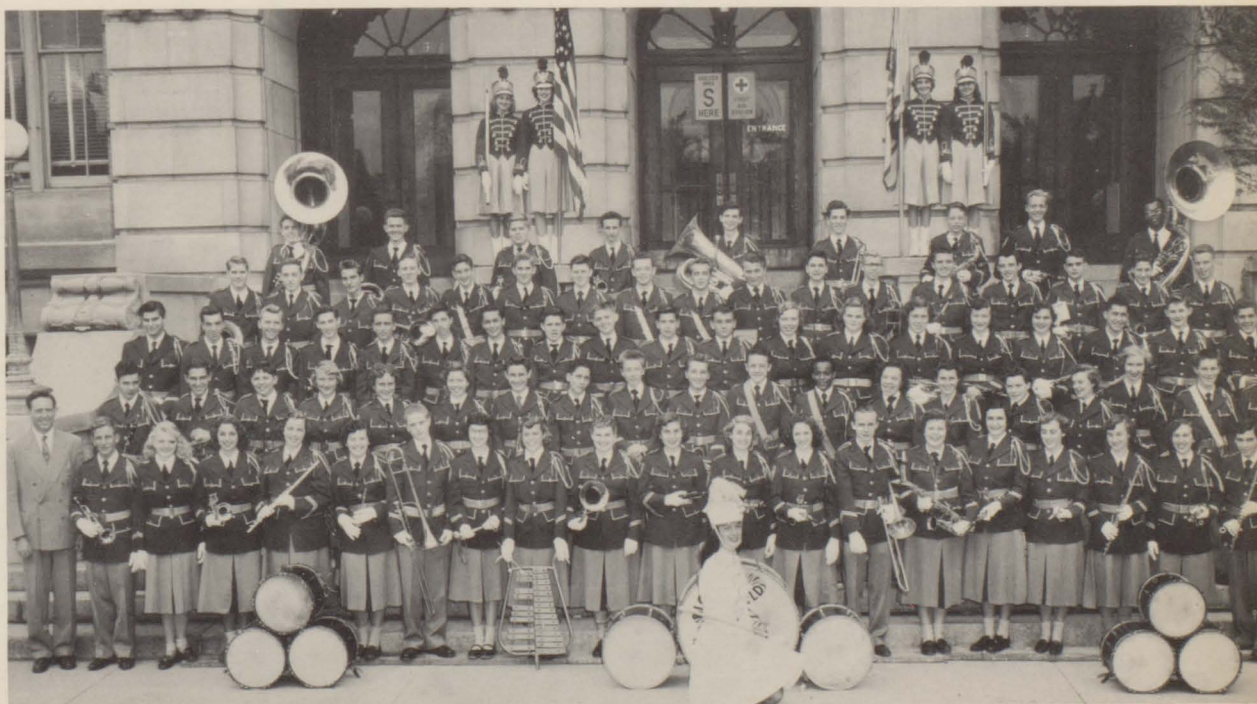

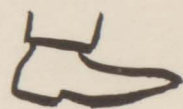

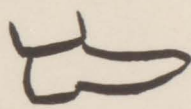

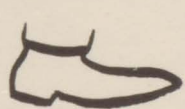

Band at Foley Field

MARCHING BAND

We will never forget the colorful marching band and its clever formations during the halves of the B.H.S. football games. Some of the most original ones were a musical trip through New York and the tepee and Indian dance done by the twirlers.

Aside from the fun at half-time, the marching band could be just as dignified as they were gay when they stood in formation to play our Alma Mater. Mr. R. Hartman, faculty adviser to the band, has worked to make the marching band a never-to-be-forgotten memory of B.H.S.

CHEERLEADERS

Head Cheerleader—Trudy Mabee

TWIRLERS, FLAGWAVERS, and CHEERLEADERS

Whether strutting down a muddy football field or marching down the side aisle of the school auditorium, our fine group of twirlers and flag-wavers added a lot of color, glamour, and zip to the scene. This year the baton experts sported bright new uniforms. During football season, the girls practiced every day to perfect their gay routines under the able direction of Mrs. Myra Seely. Their highlight performance was an imaginary trip to New York City to the musical background supplied by the band. Not to be outdone, our thirteen vivacious cheerleaders were on hand at all the varsity ball games to add pep and a spark of enthusiasm to the atmosphere.

The 1953 edition of the Bloomfield High School football team was confronted with many problems. Coach Warren Lowans, recalled into service, presented a coaching problem; a replacement for John Sullivan, potential star halfback who joined the Marines, was another; Vyto Kabashinski, big 225 pound tackle who broke his nose in a pre-season scrimmage game and couldn't play until the last part of the season, created another problem; and finally the change in the game schedule was perhaps the most notable of all.

Although the record was four victories to five setbacks, this was no indication of the team's ability or the caliber of football that was played during the season.

Although the record was four victories to five setbacks, this was no indication of the team's ability or the caliber of football that was played during the season. The three new teams the Bengals faced in 1953 were West Philadelphia Catholic Boys' School, Orange, and West Orange. Each of these new teams was a lot stronger than their predecessors the year before (Lincoln, Weequahic, and Garfield). The high points of the season were the defeat handed to Kearney 21-6 by the Bengals,

He Spiked Me!

the underdog, who hadn't defeated Kearny the previous two years, and the tremendous effort put forth by Bloomfield in the turkey day classic with Montclair.

Bloomfield didn't beat their traditional rivals as far as score was concerned, but the Bengals did bring the ball game to Montclair as statistics prove. If it hadn't been for one bad pass that was intercepted by Montclair and turned into a T.D. in the opening minutes of play, the score would probably have ended 7-7. Two fumbles down deep in Montclair territory definitely cost the Bengals two more T.D. threats.

Montclair, a team which usually defeats Bloomfield through its passes, didn't complete a single aerial at Foley Field that bright sunny morning. Although the Mounties did tie up the series at 16 all and total number of points at 457 apiece, the 10,000 spectators who witnessed the game were proud of the effort put forth by Bloomfield's Battling Bengals.

Outnumbered

VARSITY

The basketball team did not have a very successful season as far as regular season competition was concerned.

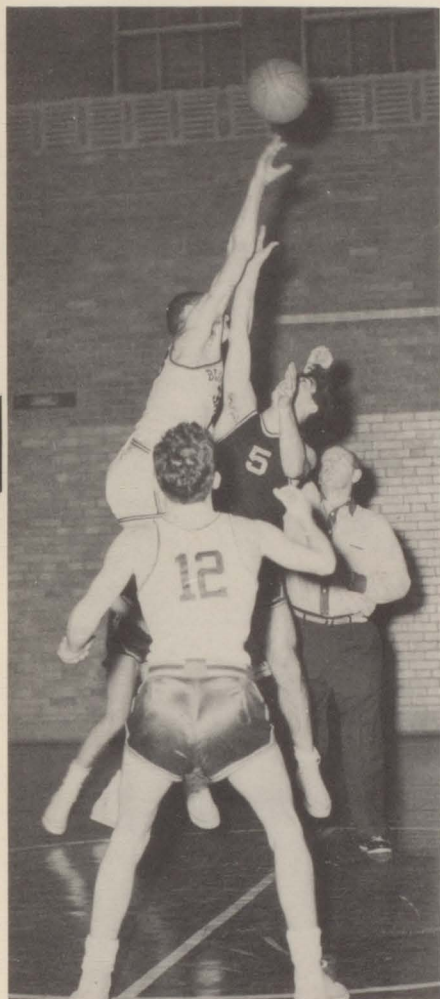

The Bengals finished the campaign with a mediocre 8 wins and 8 losses, with their most impressive victory coming against Nutley. Bob McCabe, Bengal star, made his debut against Nutley, after being ineligible to play for most of the season. The team needed this victory to qualify for the Essex County Tournament competition. McCabe led the Bengal assault with sixteen points and B.H.S. won the game. Bloomfield led by twenty points through most of the game.

Coach Cella's forces were defeated in their first game in the Essex County Tournament by a fast moving South Side quintet; South Side later lost to Montclair in the final game for the championship.

The Bengals played their best basketball in the State Tournament which began in March. Last year's State Champs defeated Newark Central in the opening round of the state competition and then took revenge on South Side in a thrilling game that B.H.S. won in overtime by the score of 54 to 53. South Side previously beat the Bengals in the Essex County tournament 64 to 46.

By beating South Side the Bengals won the Group IV Section 2 title. In order for Bloomfield to repeat as Group IV state champs they must beat Atlantic City from South Jersey.

B.H.S. opened its annual baseball season April 9, 1953. The team finished the season with a disappointing record, but many of these games were lost by a one-run margin. Upon entering the Greater Newark Tournament as defending state champs, the Bengals came to life. A surprised look came from many people when the Cellamen defeated Linden 2-1.

Following this inspiring victory, the Bengals traveled to Glen Ridge where they played Nutley. The winner of this game would play Irvington in the semi-finals. Behind the brilliant pitching of Ron Radcliffe, the team upset Nutley, 3-0. Then they went to South Orange to play Irvington. The winner of this meet was to play Englewood for the championship. The Bengals played like champions for eight innings and were winning, 7-3. Then in the fatal ninth inning, Irvington scored six times, and five of those times were with two men out. The crucial blow was a homer hit with the bases loaded, and B.H.S. was defeated, 9-7.

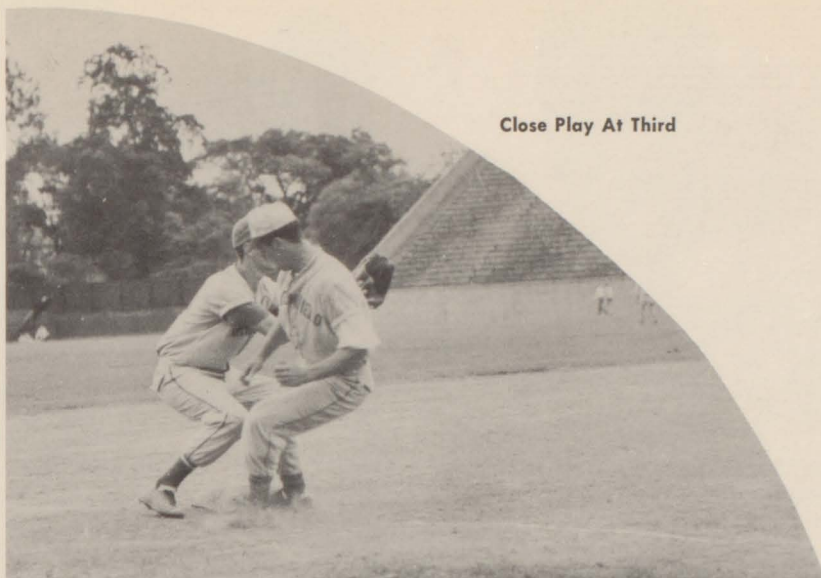

The hopes of winning the tournament now lie in the hands of this year's team.

TRACK

It was a good year for Coach Wilson's trackmen. In his first year as Bloomfield's track coach, Mr. Wilson produced a state championship 440 yard relay team, and the indoor 220 yard champ, Bill Lenskold. Two men of this championship team, Bill Lenskold and Jim White, were back this year, along with Dave Marcotte, fourth in the state javelin throw, and many other lettermen. This year's mile relay team showed its stuff by placing second in the Philadelphia Inquirer's Meet, and third in the Millrose Games at Madison Square Garden.

CROSS COUNTRY

Under the guidance and guardianship of their coach, Mr. Wilson, the team showed seven wins and four losses. The team, whose home base is Brookdale Park, has bright prospects for next year, as there will be many juniors and sophomores returning. One of the juniors, Len Dramis, placed seventh in Essex County Meet. This year's Cross Country Captain was Bob Polkinghorn.

ADVISERS

MR. ARNSDORF

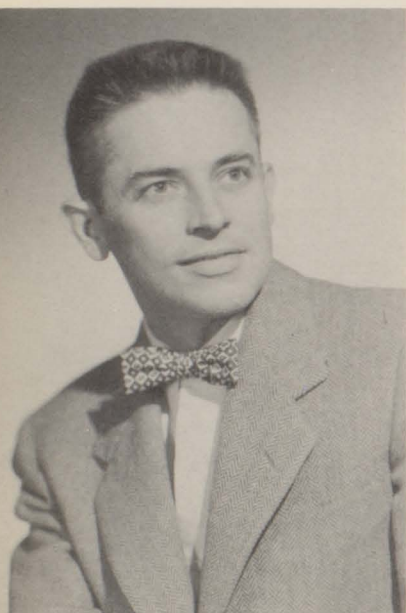

Mr. Arnsdorf is Assistant Manager of Athletics. He takes care of all money connected with the A.A., presents a financial report to the A.A. at the close of each season, and makes arrangements for all tickets.

MR. FOLEY

As Director of Athletics, Mr. Foley supervises athletics at B.H.S. He not only makes recommendations for improvements but he is an important figure in the promotion of school spirit.

MR. CLAXTON

Mr. Claxton's job is scheduling all varsity games, hiring the officials and coaches, and furnishing the transportation for the teams. He must be present at all Bloomfield games, and finds time to run a golf tournament, basketball league and intramural tournament, and coaches the State Championship Bowling Team.

INTRAMURAL BASKETBALL

One of the biggest athletic attractions in B.H.S. is the Early Bird Basketball League. Only the ambitious players enter this competition, for it means getting to school before 7:30 A.M. in order to begin the games. This year there were two divisions in the senior league because of the increased number of teams.

The Dayton Flyers, a team which won the class championship in their sophomore, junior and senior year, will now be heavy favorites to win the school title. Last year, this same team lost the school championship by five points to a strong and much taller senior team.

The team averaged close to 35 points a game while only allowing their opponents to average less than fifteen points a game.

The players that made up this championship Dayton team of the past three years were Mike Antolino, Jim Galasso, Roger Mazella, Charles Moog, Dick Toole, and Jon Hilson.

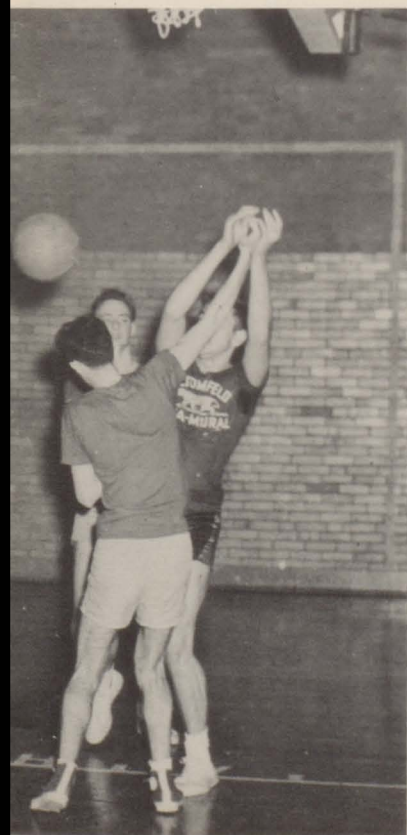

A Scramble Under The Boards!

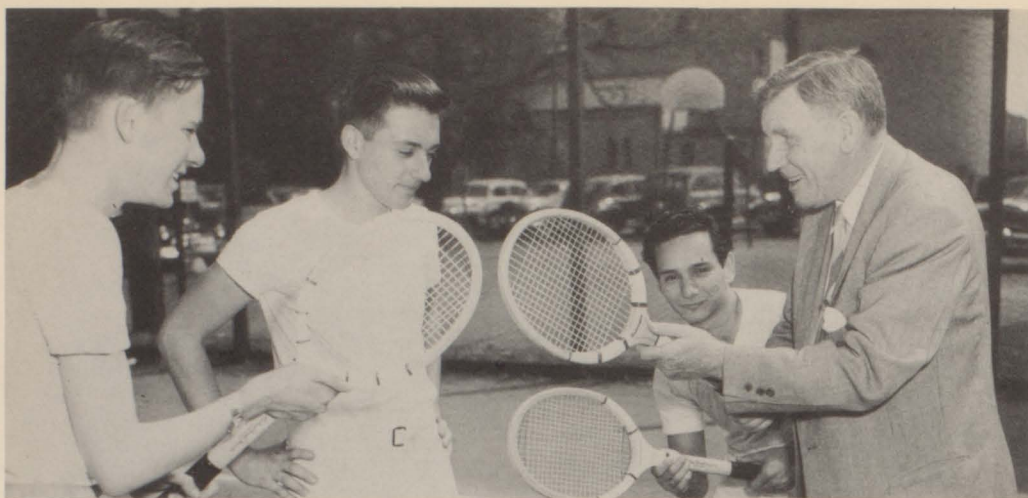

A Close Game!

Nice Jump Shot!

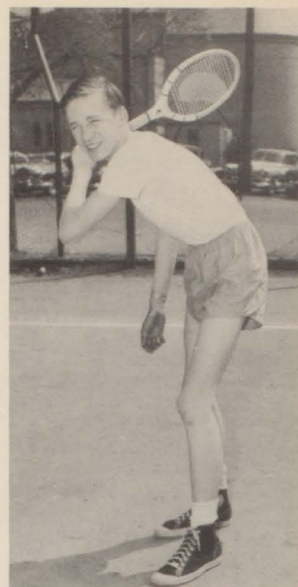

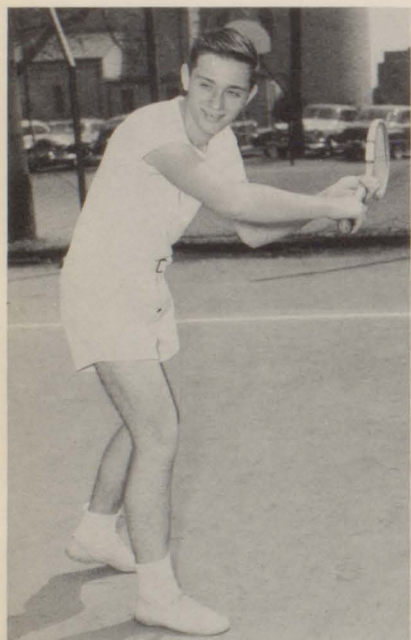

Now You Hit The Ball Like This!

TENNIS

As this is written, B.H.S. is about to open its annual tennis season. This year's team consists of four members from last year's varsity squad: Mel Goldstein, Art Klos, Paul Siniscal, and Paul Lunas. After having a poor season in 1953, with more losses than wins, we are looking forward to this season with great expectations. The promising newcomers to the team are Charles Riley and Fred Block. The team is coached by Mr. Kendall.

Paul Lunas

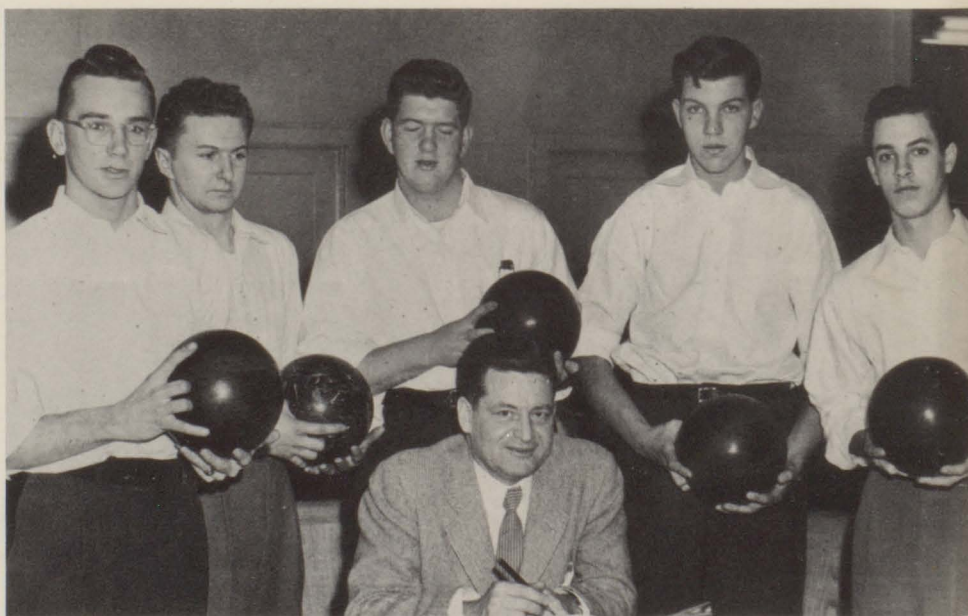

Art Klos

BOWLING

The Intramural Bowling League starts in October with four weeks of open bowling every Friday afternoon. The boys set up ten-team leagues and keep averages. The five boys with the highest averages become the school team in December.

To qualify for the Intra-Scholastic Leagues, which compete Wednesday afternoons, they must maintain the highest averages throughout the season.

Varsity Bowling

GOLF TEAM

The golf team was led through a fairly successful season by Co-Captains Warren Johnson and Ed Kulkelski. Although the record book does not show a very good season, many of the matches were lost only by one or two points. The final record was four wins, six lost, and two ties. G. Pawlikowski, V. Pike, R. Merrell, G. Lukchis, L. Guerino, D. Monesen and V. Delli Santi helped the team through the 1953 season. Only two boys will be back next year to help us win.

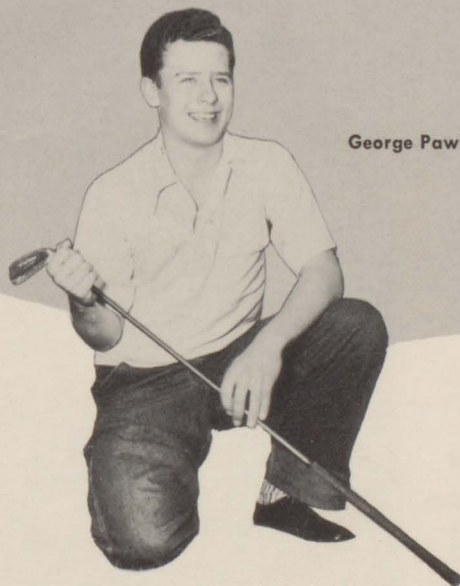

Bob Merrell

MRS. SEELY

Known to everyone as "Ma Seely" our vivacious, cheerful gym teacher has charge of some of the girls' gym classes. She is a familiar figure at all the football games, corsage and all, leading the twirlers and flag-wavers as they go through their routines. Leaders' Club, cheer-leaders, and most of the girls' intramural sports are also under Mrs. Seely's capable leadership.

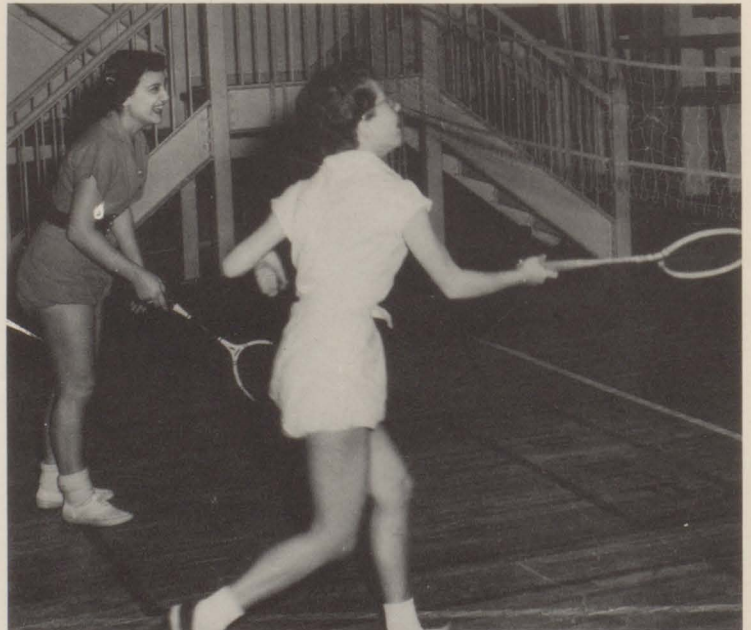

SWIMMING

One day a week the B.H.S. Florence Chadwicks take over the Orange "Y." With a lot of splashing and giggling, plus some serious concentration, the girls earn various Red Cross badges and improve their skills.

BADMINTON

In this net-and-racket game, the girls in Mrs. Seely's gym classes have to do more than just "watch the birdie." They have to hit it! The results might not always be perfect but playing the game is loads of fun.

BOWLING

From the first Monday afternoon of the winter season to the last, teams compete with each other at the bowling alleys. Whether the four girls are beginners or pros, they are sure to have a good time.

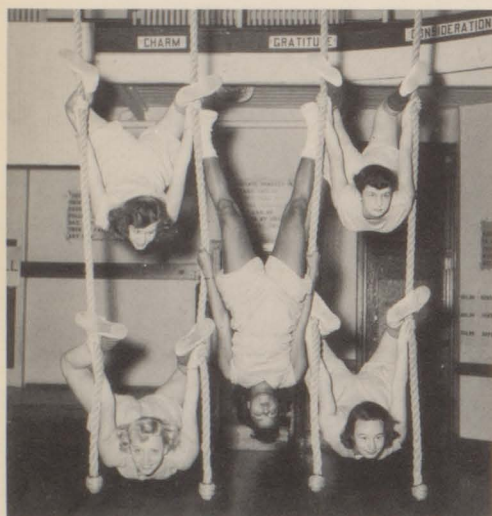

HOCKEY

Ground sticks, ground sticks, ground sticks, c-r-a-c-k! Twenty-five girls enjoyed themselves at Brookdale Park last fall while playing hockey. This invigorating and healthful stick-and-ball sport has an appeal for many athletic girls.

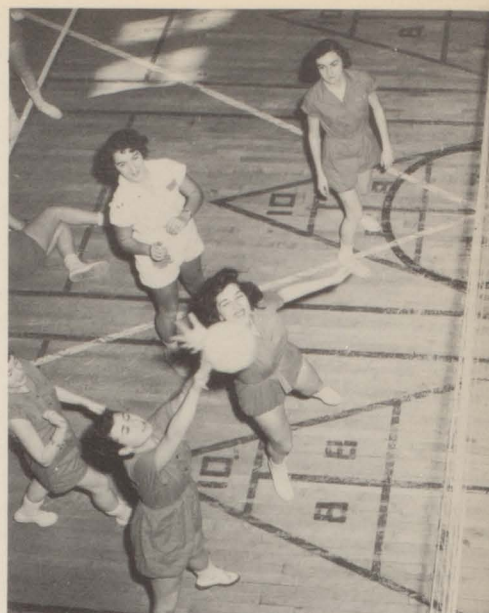

LEADERS' CLUB

The main purpose of the Leaders' Club is to help the girls become leaders in their community. Developing a sense of responsibility and teaching how to get along with others are included in the purposes of this club. Consisting of the captains and squad leaders of Mrs. Seely's gym classes, this club has been working on numerous projects during the year.

GYM TEAM

Rings . . . ropes . . . parallels . . . mastered by one hundred and forty-four gym team girls. With determined grunts and groans, they perfect their skills in the girls' gym every Tuesday and Thursday afternoon. The gym exhibition, crowded with spectators for three nights in March, is the culmination of the efforts of all the girls during the year.

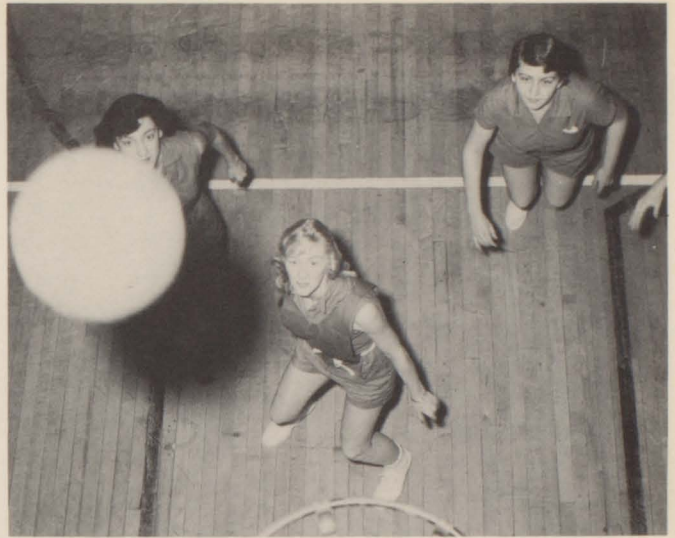

PING PONG

Left, right, left, oops! Those girls are at it again. Knocking the little white ball back and forth across the net seems to be one of the favorite winter games played in Mrs. Seely's gym classes.

VOLLEYBALL

With a determined heave the ball is over the net, and a second later it's back again. Strictly a March sport at B.H.S., this game attracts many followers. About fifty girls go out for volleyball which is played in the girls' gym on three courts.

BASKETBALL

Teams are formed . . . refs and timers volunteer . . . and the competition begins. Teams do their best every Wednesday, amidst whistles, shouts, and laughter, to bring honor to their respective classes.

TUMBLING TEAM

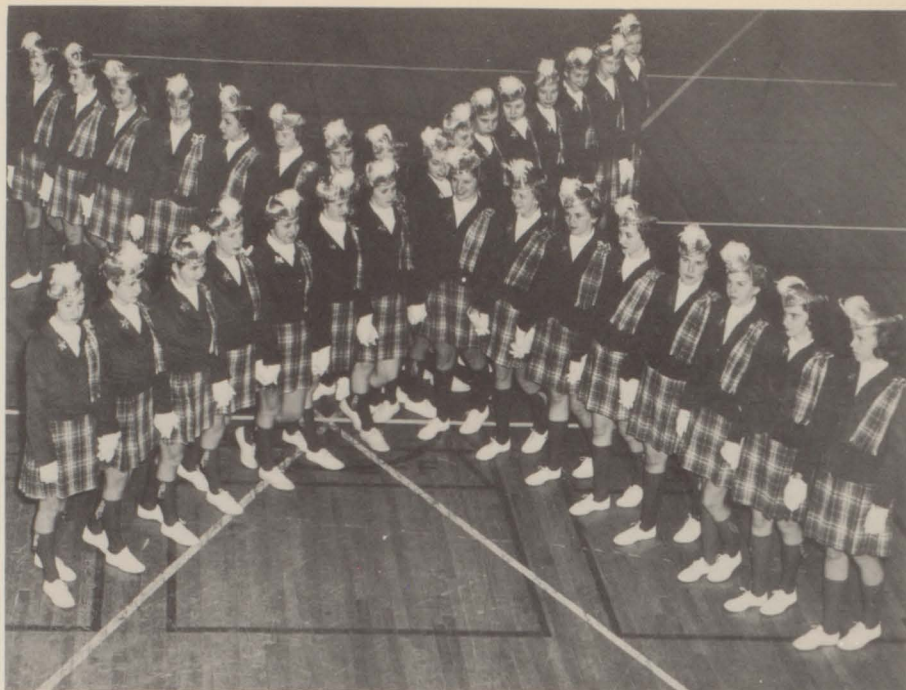

Bare feet are the trademark of these sixteen limber lasses. The display of their skills always appeals to audiences at the Gym Exhibition and is as much fun for the team to perform as it is for the audience to watch.

BASEBALL

Spring . . . baseball, two hundred girls . . . fun! With bat and ball in hand, these girls can go out for this popular sport from April to June. All they have to do is to form a team . . . the fun will follow!

DRILL TEAM

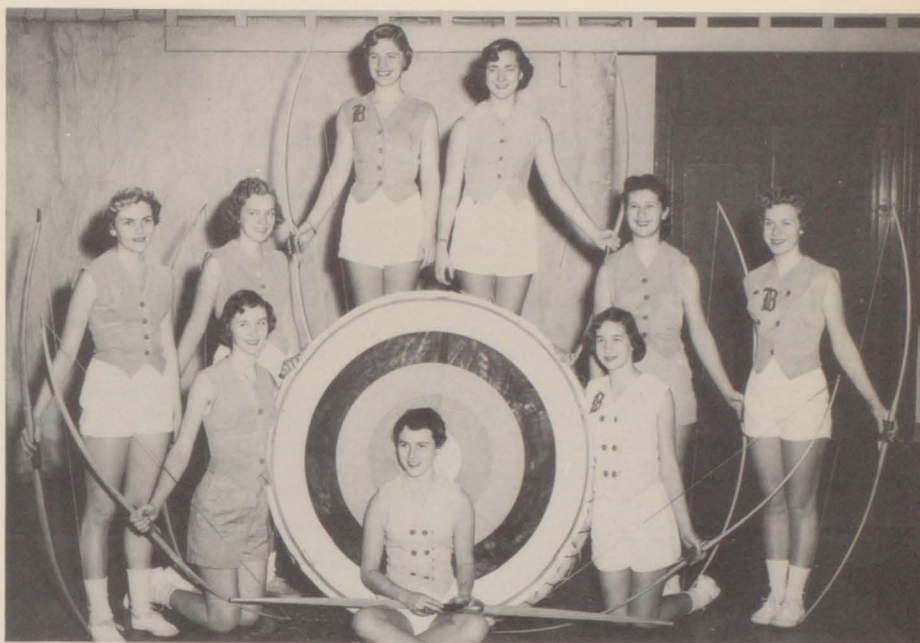

From their red hats cocked at a jaunty angle, to their high socks, these thirty-two seniors present a colorful, snappy picture. Spectators marvel as the team goes through its twenty minute precision drill. As a result of discipline, determination, and hard work on the parts of both Miss Russell and the girls, the "Scot-ties" have won acclaim from Camp Kilmer to Madison Square Garden.

GIRLS' SPORTS CAPTAINS

LEFT TO RIGHT: J. Fundin, Gym Team; J. Indahl, Drill Team; M. Gould, Tumbling Team; A. Wolf, Archery Team.

ARCHERY TEAM

The targets are up . . . the points are set . . . four girls in smart white weskits and red shorts are ready to shoot. These girls represent only a small part of the Archery Team. Organized in 1927 by Miss Russell, the team has been a consistent winner in leading tourneys throughout the nation. The familiar shouts of "Sophs! Get those targets up!" are only the seniors' way of initiating the newest additions into three years of fun and hard work.

MISS RUSSELL

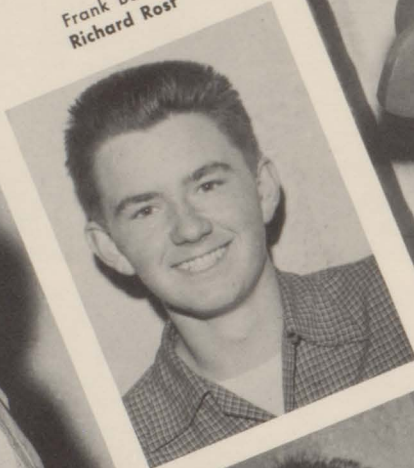

Years of enthusiastic hard work have earned for Miss Russell a reputation hard to equal. A dynamo of energy, she has built the girls' gym activities into a position of prominence and pride in our school. Miss Russell can look at her girls with pride, knowing that she has instilled in them a feeling of loyalty and sportsmanship never to be forgotten.

SENIOR PLAY

"ANNIE GET YOUR GUN"

"Indians! Indians!" The curtain had risen and the show was off to a racing start, moving rapidly along with its comedy-packed plot. Before a full house the dramatic production, *Annie Get Your Gun*, written by Dorothy and Herbert Fields, was presented on November 20 and 21, 1953 by the senior class.

Buffalo Bill's Wild West Show arrives at a small summer hotel in Darke County. Frank (Richard Rost), the star of the western show, challenges the local sharpshooter to a shooting match. Annie Oakley (Marilyn Brainard), a vivacious, awkward country girl, who can "shoot like a man," boastfully accepts the challenge. However, as Annie meets her opponent, she wilts under his gaze. When the shooting match is over, Annie is the winner and Frank is suffering a crushing blow to his ego. Recognizing her talent, Buffalo Bill (Roy Henderson) offers Annie a part in his show. She quickly accepts so that she can be near Frank, whom she hopelessly loves. When competition from a rival show demands a special attraction to draw publicity, Buffalo Bill engages Annie to do a spectacular stunt. Convinced that

"Who's playing Annie?"

the act would please Frank, she goes through with it. Unfortunately, Frank is not pleased at all and quits the show. Annie is broken hearted. She realizes that she can't get a man with a gun even though she is the world's sharpest shooter. After having toured Europe, Buffalo Bill's show is welcomed home at a big lawn party. Frank and Annie are together once more. A disagreement as to who is the better shot leads to another shooting match. Annie is determined to win, but Papa Bull (Charles Moskov) reminds her that "You can't get a man with a gun." Annie forfeits the match to win Frank and the curtain falls on the happy lovers.

The outstanding success of *Annie Get Your Gun* was due to the excellent backing of the class, the faculty, the supporting cast, and the many committees which worked behind the scenes. Hard work and cooperation on the part of

everyone were responsible for the fine production. A great deal of fun accompanied the headaches. There was a never-ending succession of pranks and jokes during rehearsals. Barefooted actors munching on energizing candy bars, props that were never in the right place at the right time, pennies collected for forgotten lines and mis-cues, and greasy make-up all contributed to the backstage fun.

We want to extend our sincere thanks and appreciation to the dramatic coach, Miss Ellen Hynson, her faculty assistant, Miss Carol Rous, and her student assistant, Joan Heyman for their patience and long hours of work in directing *Annie Get Your Gun*. We also wish to thank every person who helped behind the scenes in making our senior play one of the most successful ever presented in Bloomfield High.

"Now hold still; this won't hurt a bit!"

Tomorrow, what will it bring? Since the future is a topic that interests everyone, especially seniors, it was chosen as the subject of our forum. If we could be 100% accurate in gazing into our crystal ball, what would we see there? The six panel members tried to predict the near future on an international, national, and local scale; in education, in the field of science, in conduct. Each panelist spoke for five minutes on his assigned phase of our future. Then there was a "give and take" session among the members of the forum. When the panel expressed its views, they answered questions from the seniors in the audience. This question and answer period permitted all those who wished to express an opinion to participate. The discussion was lively and informative. Members of the junior class were invited to observe the proceedings, but did not actively participate in the forum.

Twenty-five years from now, many of us will have the opportunity to look back and discover how successful a role we did play in directing the fate of the future.

Moderator, Richard Elston; Nan Basser; Dick Bongo; Caroline Breck; Joan Heyman; Jon Hilson; Dorothy Otto; Stanley DeCamp, Alternate and Recorder; Advisers, Miss E. Hynson, Miss C. Rous.

SENIOR FORUM

Looking back over the past years, we are reassured to learn that all the things that have had the greatest importance to us were loving our friends and sharing their view of life. With a treasured background of years of close associations with friends, teachers, counselors, and parents we have become familiar with the necessary needs and accomplishments to achieve our future goals. Together we march with our request:

"Teach us the wisdom, Lord,
to know
That love and understanding
grow
On fields of mutual respect
Regardless of our race or sect."
(Unknown)

BARBARA M. VAN PATTEN

The girls of the class of '54 are grateful to Miss Van Patten for her aid in their varied problems during these last three years. Her understanding in using just the right words and her smile to lighten heavy loads have lifted us out of the depths of despair. To Miss Van Patten each difficulty was individual, and she tried to help us find a solution fitting to the case at hand. Guiding over two hundred girls was time consuming, but she managed to have endless hours for our important inquiries. Stern words in class assemblies gave us the starting push to many successful undertakings. Even after graduation, we shall remember Miss Van Patten for her guidance and realize how her assistance has aided us in selecting our life's work. With gratitude, we thank her for being our helpful friend.

ADVISERS

RUDOLPH L. KNAKAL

Mr. Knakal, our boys' guidance counsellor, stepped into a particularly difficult role. He took over the position of Mr. Hampton, one of the most respected guidance counsellors in the country. He accepted a job in which he had little experience and great responsibility. And, of course, he was taking on a class that had completed half of its high school education. In spite of the obvious handicaps of not knowing many boys, Mr. Knakal has done a remarkably efficient and helpful job for us. We owe him a great debt of gratitude for the assistance and understanding he has given us.

JAMES W. HAMPTON

Mr. Hampton served as head of the guidance department and was boys' guidance counsellor at B.H.S. for many years. He was guidance counsellor to the boys of this class until his retirement in the middle of our junior year. At that time he and his family moved to Johnson City, Tennessee, where he devotes most of his time to writing reference material for other guidance counsellors. Mr. Hampton, one of the foremost guidance counsellors in the country, will be missed at B.H.S., especially by the boys of this class.

A Cappella Choir; F.N.A.; German Club; Math Club; Mixed Glee Club.

IN MEMORIAM

Death has rung down the curtain on the final act of the lives of these four former '54 classmates. Some students never knew them, except by name, but to others, their warm, loyal friendship will never be replaced or forgotten.

It's funny how memories take you back . . . all the little things come flitting through your mind . . . a touch of Eddie's deep interest in railroads. As a lasting tribute to him, our school library retains a set of books about trains.

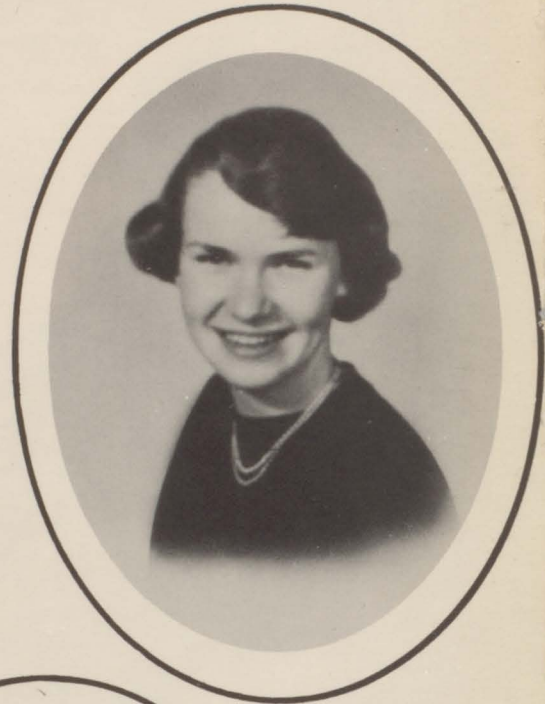

What makes a memory? . . . The echo of Beverly's cheerful laugh and her happiness after bowling a string!

Lingering thoughts return of amiable Paul and his love for the fresh out-of-doors, his future in forestry that might have been.

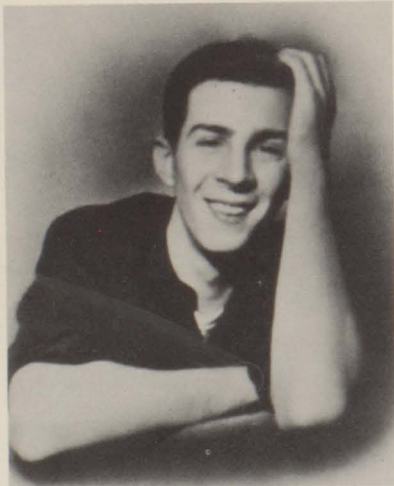

A vivid picture of Gladys' small, quiet countenance can be recalled, curled up with a good novel or hiking on brisk afternoons.

How does that saying go about gone but not forgotten? That's how we feel about our four beloved classmates who have passed on. Perhaps that saying should go, "Dead, but not in the memories of those who will never forget."

BEVERLY HAMPTON

EDWARD KREMINS

GLADYS MORGAN

PAUL KOEHLER

June, 1954

To The Members of the Class of 1954:

On this occasion of the 100th graduation from the Bloomfield Senior High School, I am moved with enthusiasm and am impressed with the magnitude of the milestone we approach. One must be enthusiastic about a school and its supporting community, which year after year has worked hard and assiduously to educate its children in the ways of strong and free men. One must be impressed with the magnitude of the operation of providing facilities, teachers and leadership, decade upon decade.

Although our curriculum has changed, and we have grown into a small-sized community, our basic aims remain that of developing scholarship, morality, honesty, character and loyalty. These are the constants. These are among the keystones of our democracy which we must transmit untarnished to succeeding classes and generations. These are a part of the Bloomfield Senior High School.

As a teacher who taught and who loved history, I deem it fitting and proper to say to you that those good things we have, our homes, our churches, our schools, our free institutions, are the legacies of past generations. If in truth, we have "Learned to Live," which is our motto, we shall have kept faith with the men and women who have preceded us. Let us all become, someday, as good ancestors as our ancestors have been, and our school, our community, and our nation will prosper and be safe.

Faithfully yours,

Nancy M. Rice

Onward we march, knowing
that

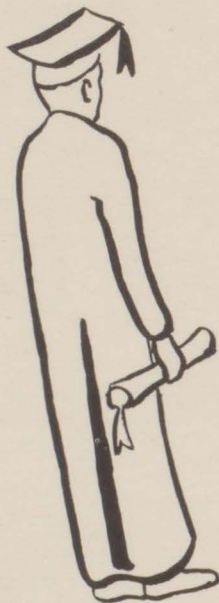

"He conquers who accepts
and makes the most of
life

He conquers who yields
not to disappointment;
Who transforms sorrows
into pleasant remem-
brances;

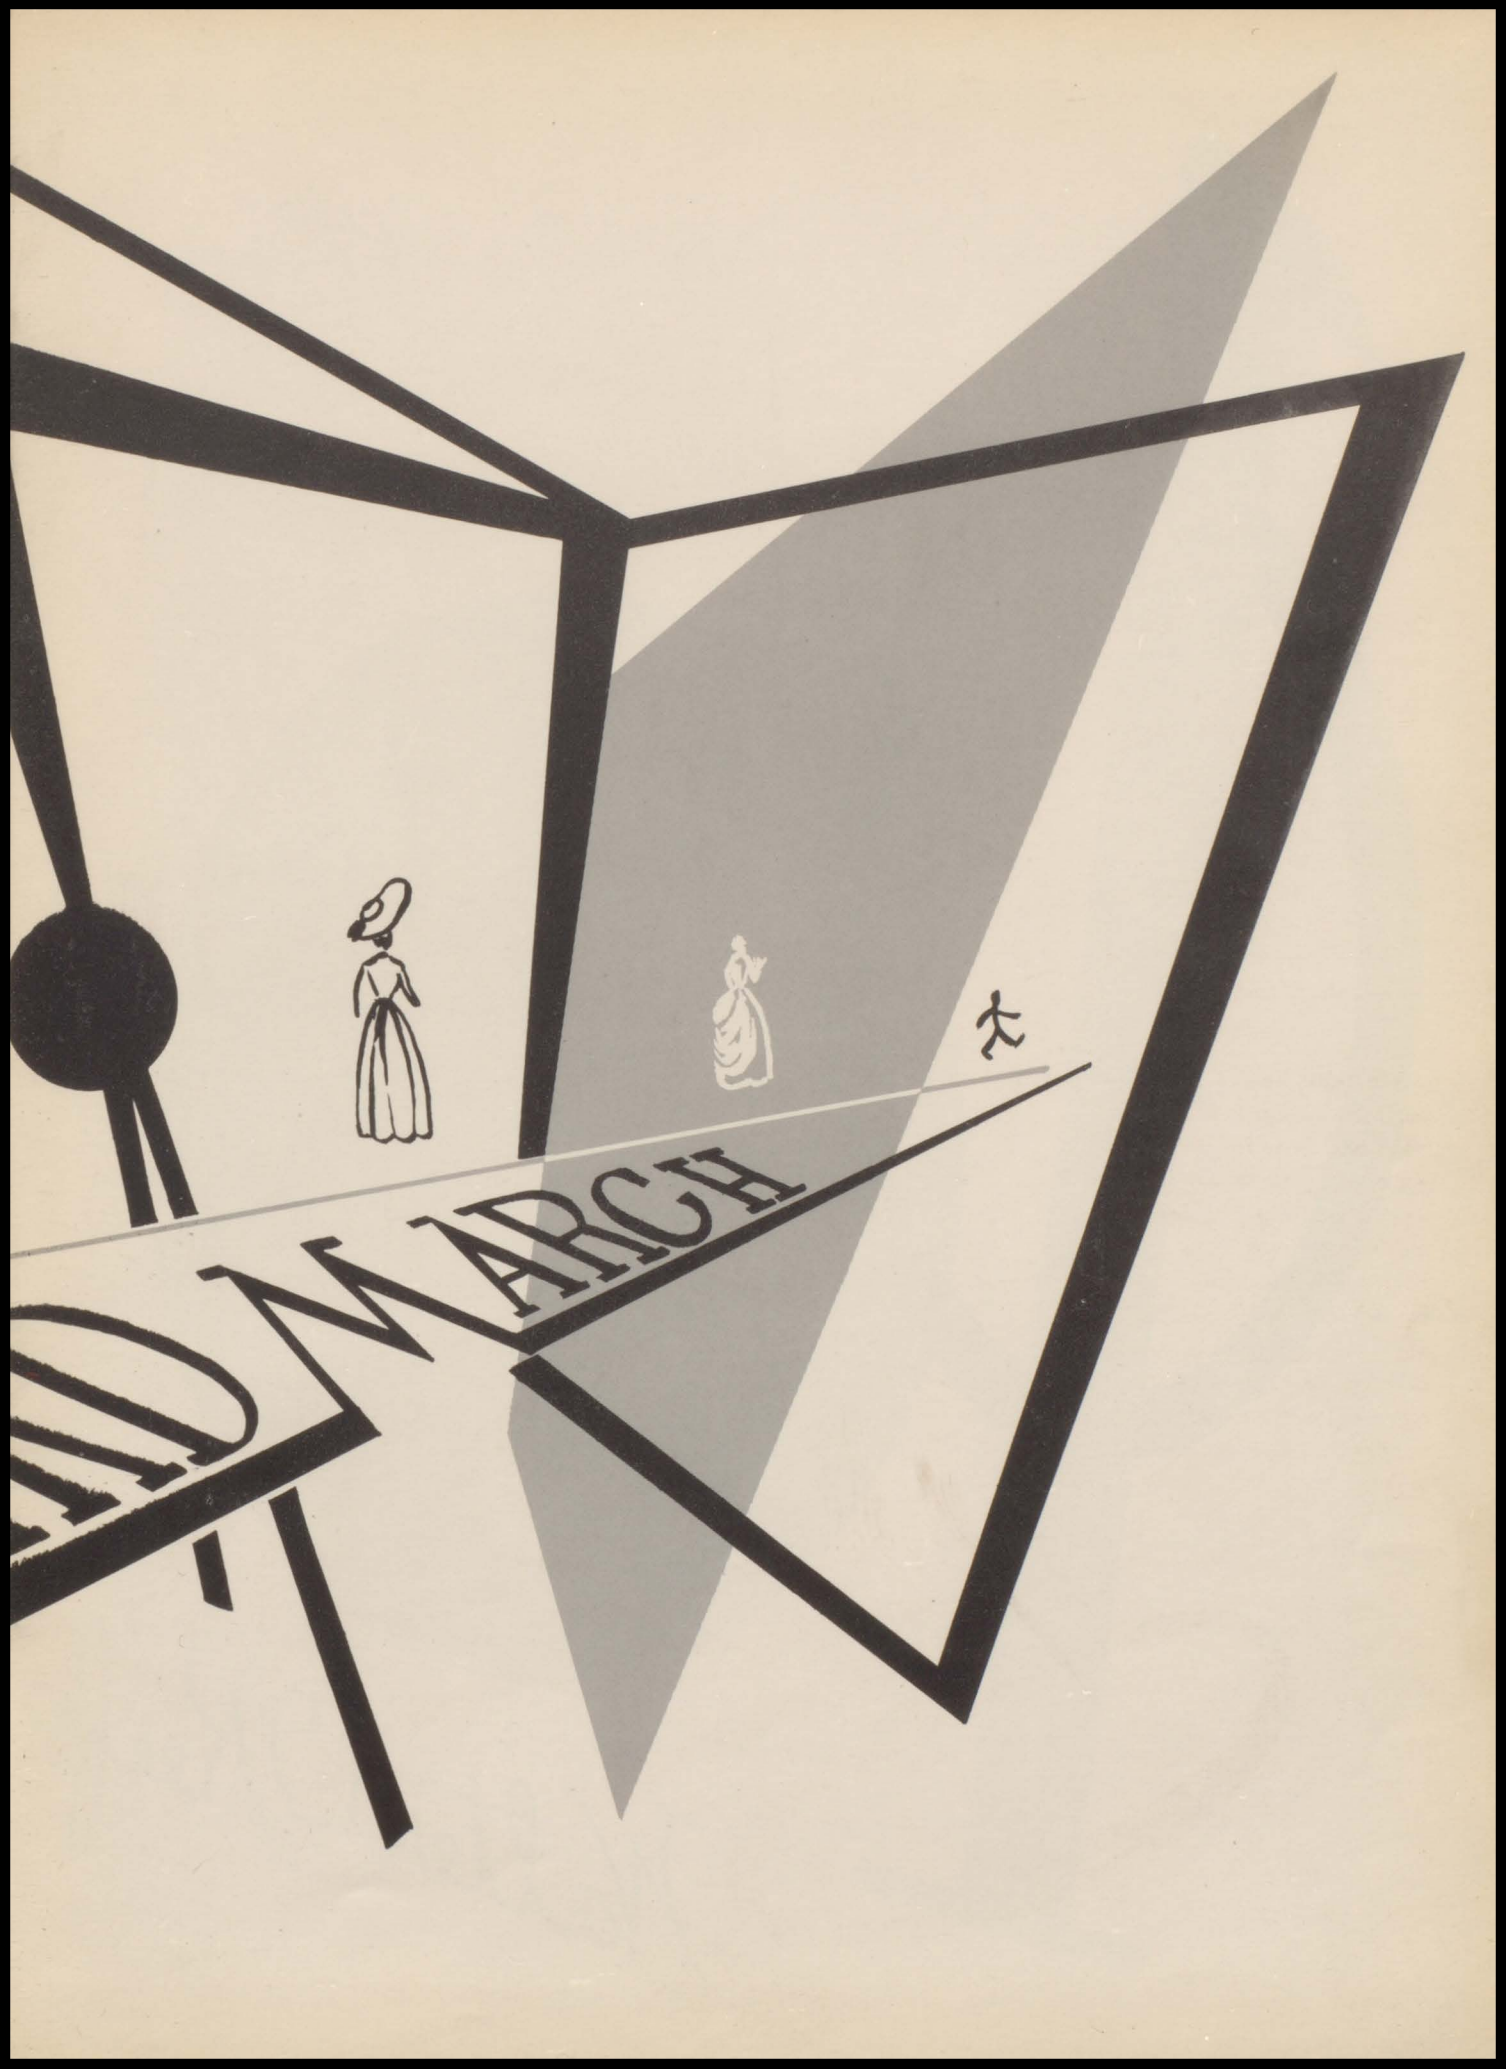

Who lives for today and
not the past."

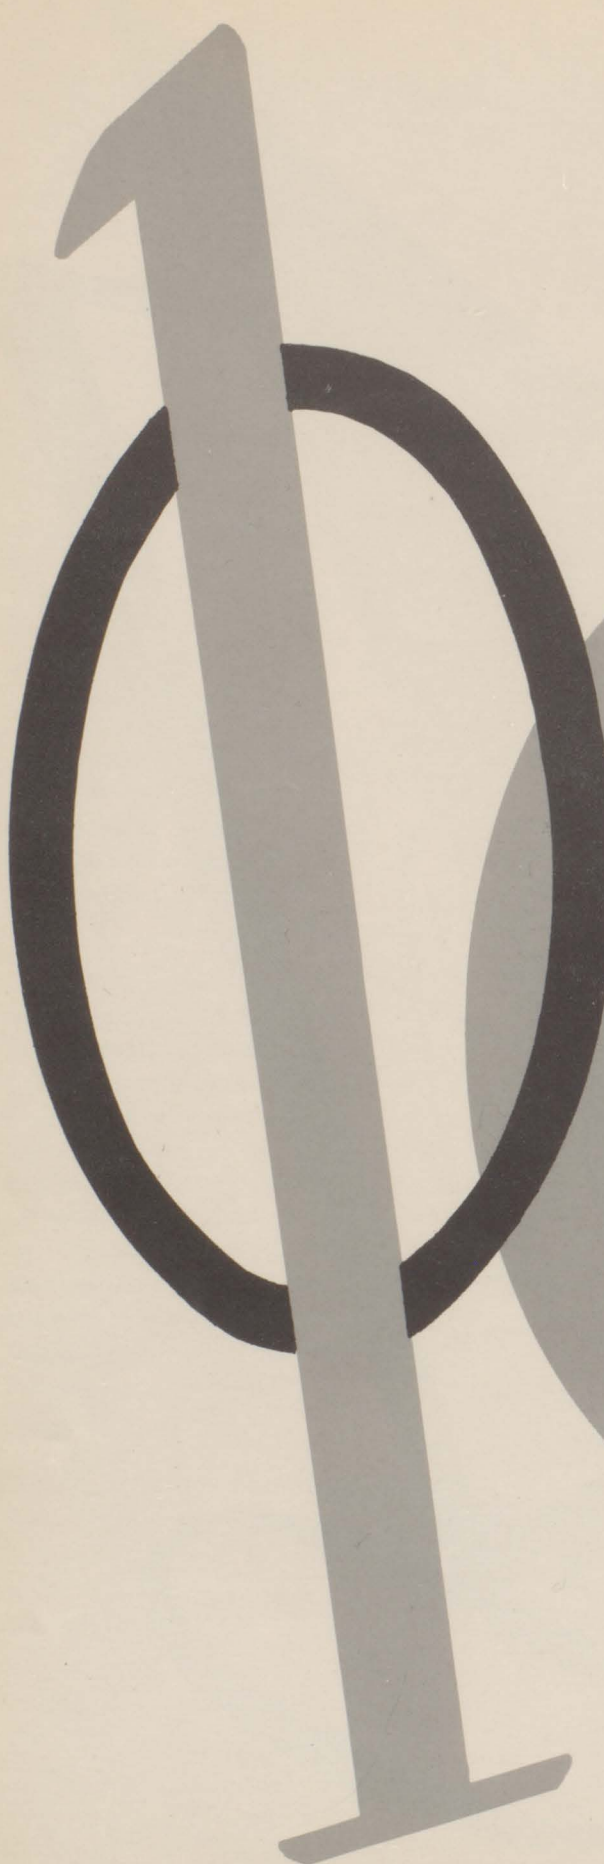

—Everett H. Hill

We have been inspired to
continue our quest for knowl-
edge and thirst for truth. On-
ward we go with hearts united
marching to the crossroads of
life where each of us must
part to continue our search
for wisdom and understand-
ing. Our parting pledge is to
develop courage and deter-
mination to make each day a
success by giving the best that
is in us.

ONWARD

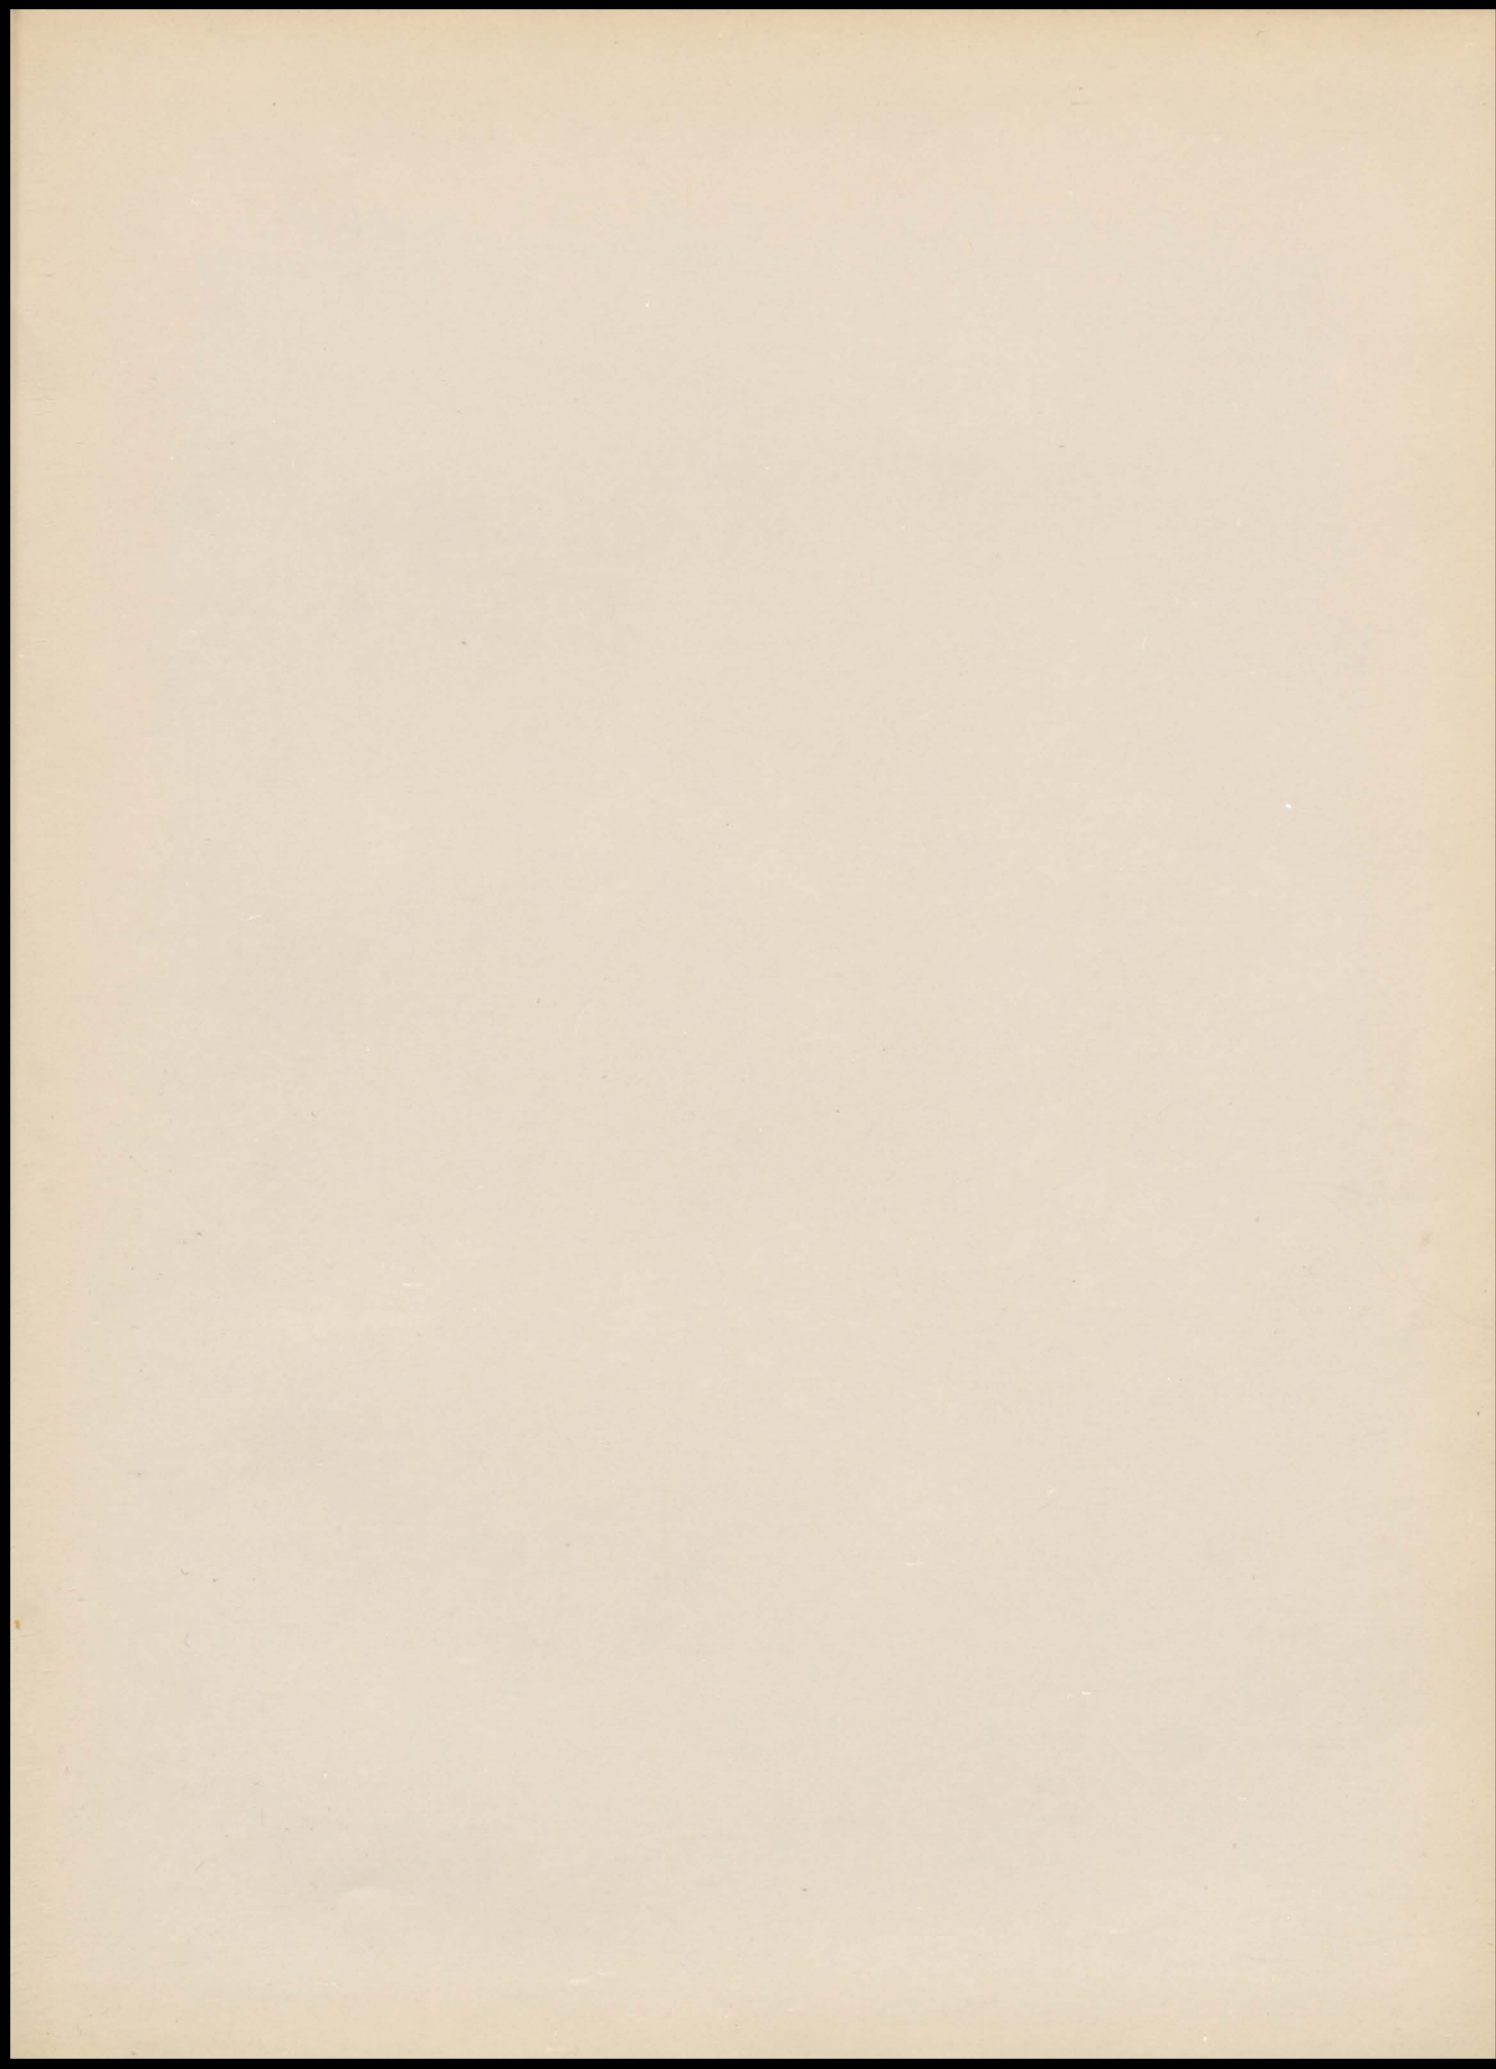

Making A Long Story Short . . . This is it . . . Since September, getting the parade lined up, providing the grandstands for the viewers, preparing the floats and getting the marchers to keep in step, were endless days of headaches and heartaches. But when deadlines had to be met, *tempus fugit!* Now the parade is over. We have tried to make this year 1954 a lasting memory, to be recalled every time the band strikes up, "I Love A Parade." In presenting this picture of our three years at B.H.S. to you, we have had our troubled moments, but now we emerge triumphant with *MEMORIES '54*.

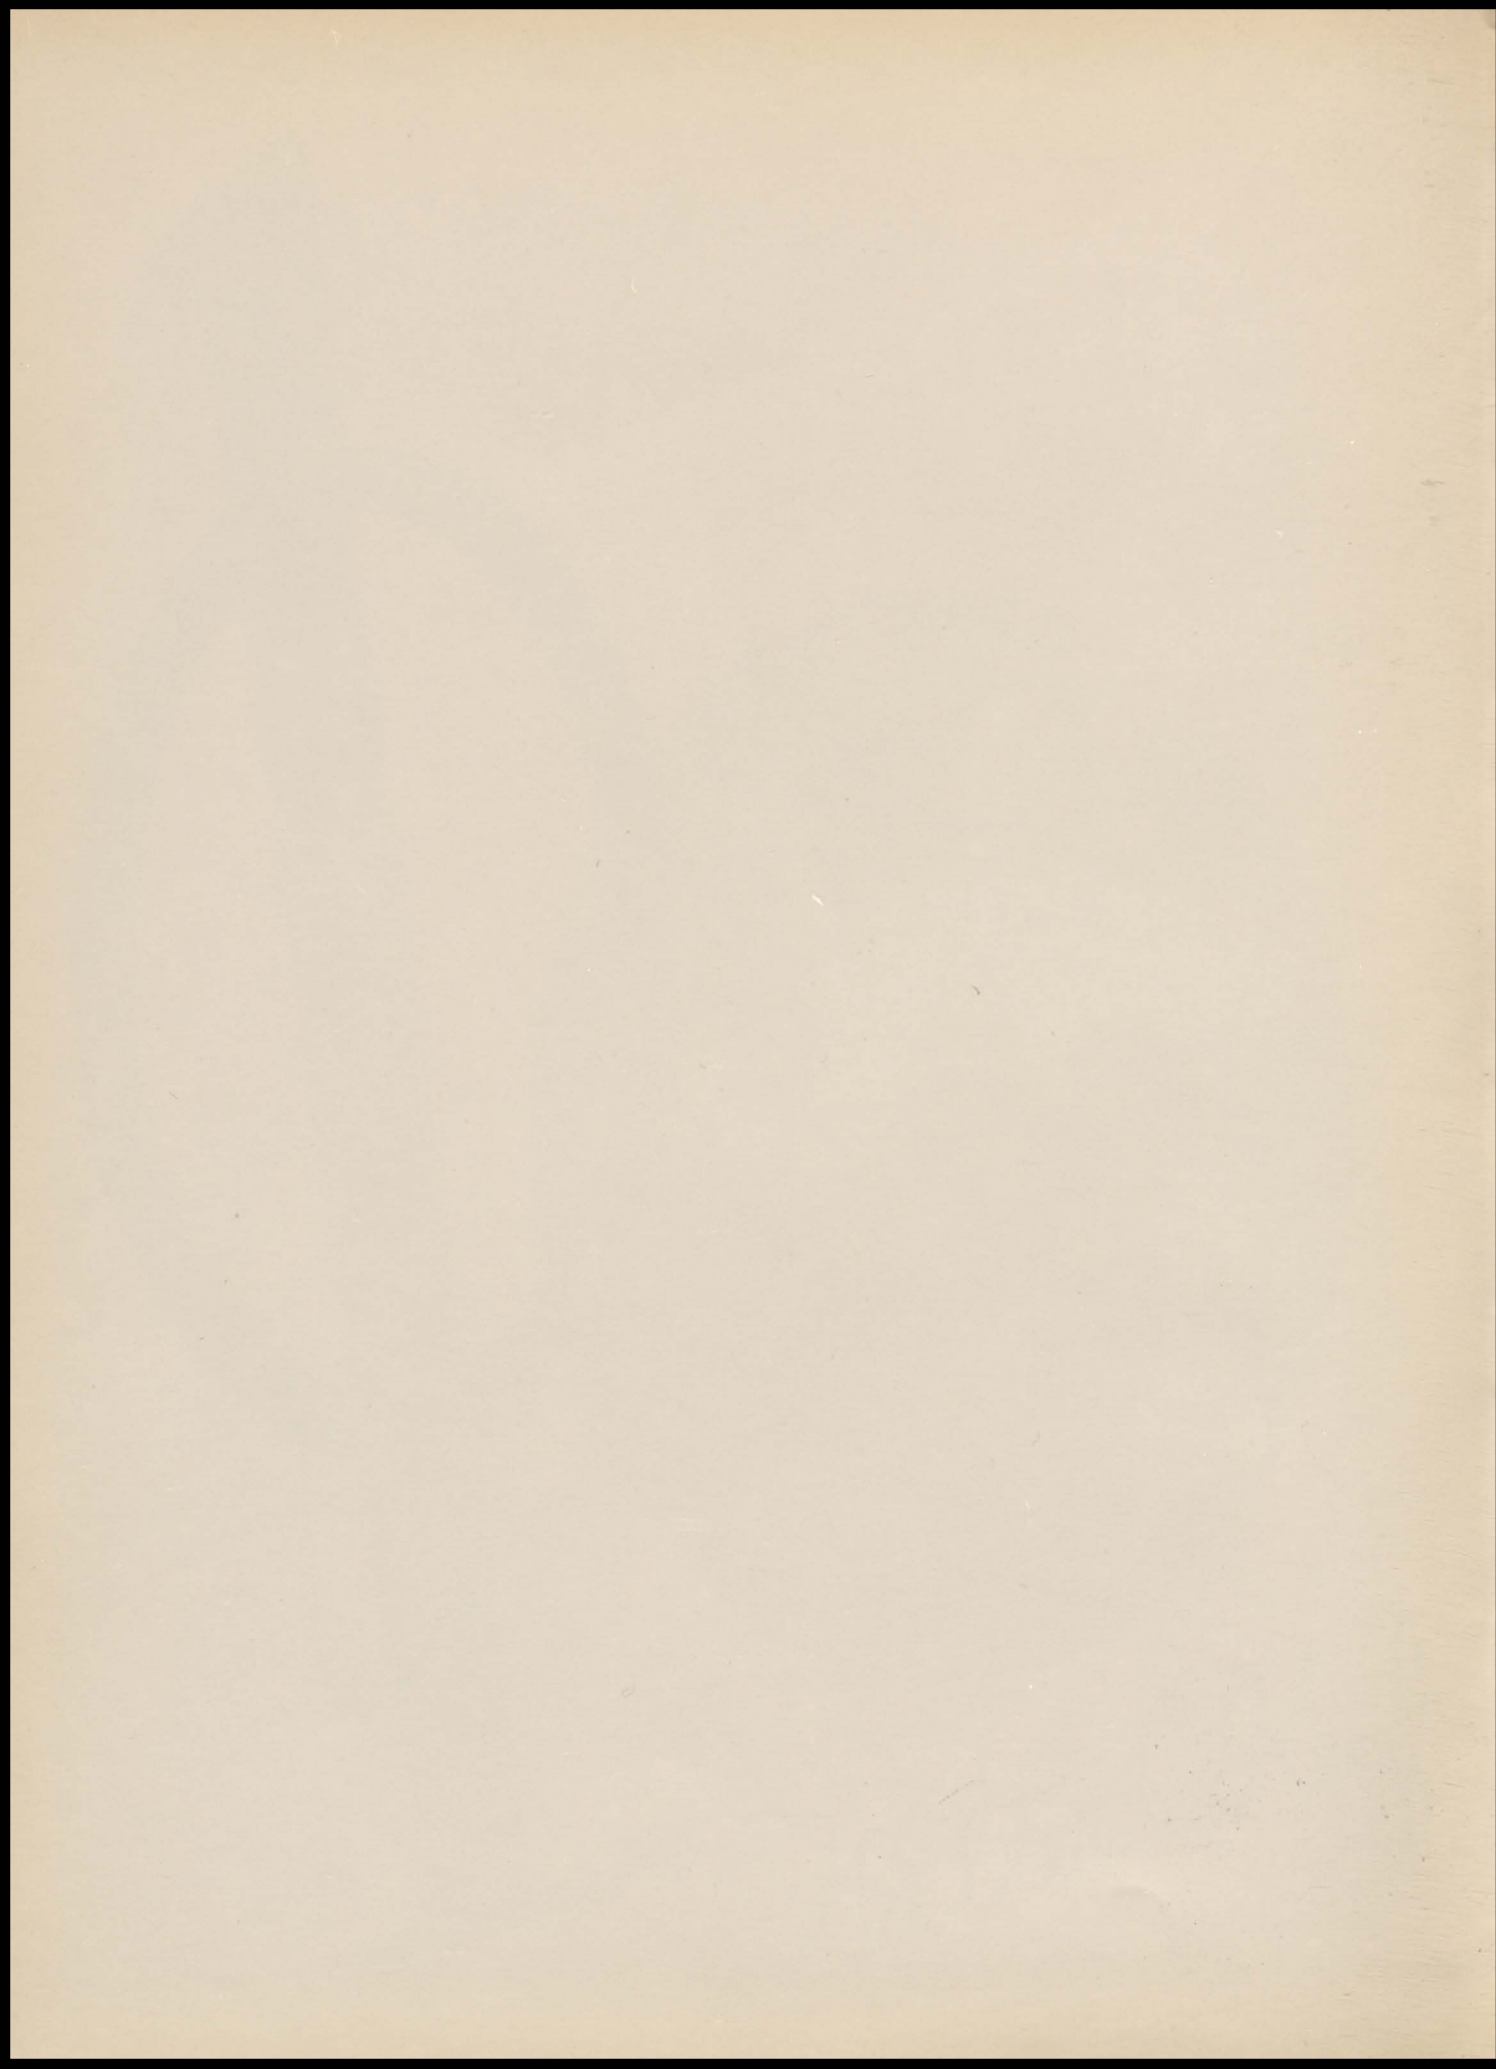

To those who have unselfishly given us assistance and encouragement during our firing moments, our sincere and heartfelt thanks, and especially to: Miss Brummerstedt, our Literary Adviser; Miss Fischer, our Art Adviser; Mr. Willever, our Photography Adviser; Mr. Steiner of the S. K. Smith Co.; Mr. Wogksch of T. O'Toole & Sons, Inc.; and the photographers, Mr. Berge, Mr. Aleffi, and Mr. Lazarus, from the Lorstan-Thomas Studios.

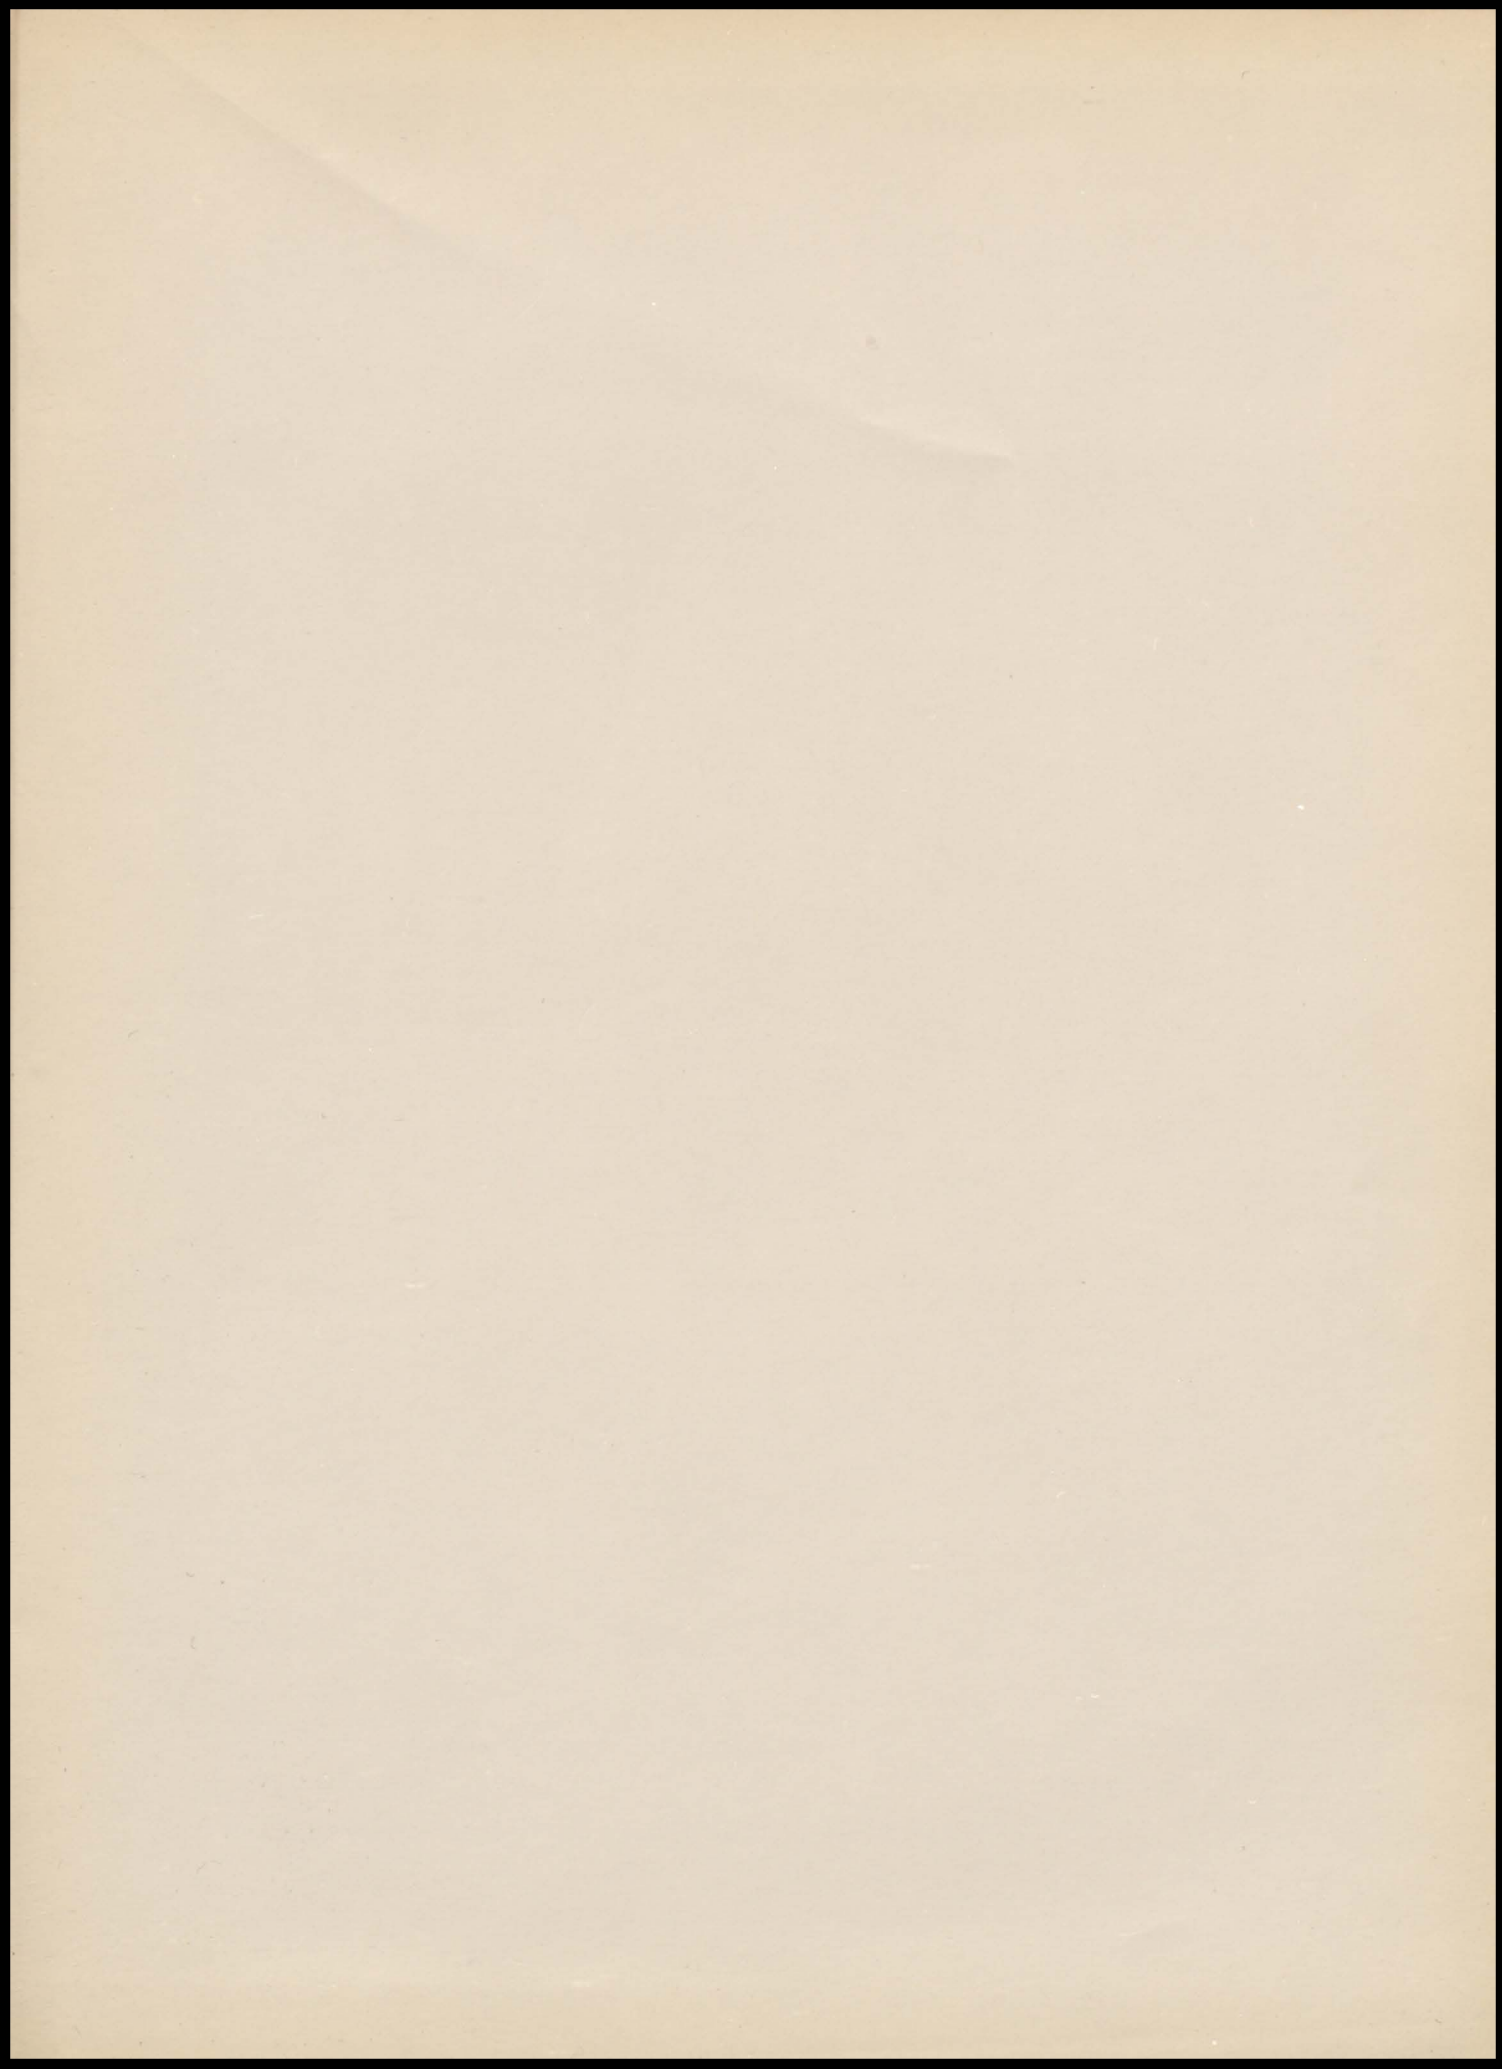

I myself would like to offer my earnest thanks to the editors and the members of all the staffs for the splendid job they have done and for the efficiency with which they accomplished their tasks.
